THE EAST SIDE BUSINESS IMPROVEMENT DISTRICT 2022 OPERATING PLAN

I. INTRODUCTION

In 1984, the Wisconsin legislature created Sec. 66.1109 of the Statutes enabling cities to establish Business Improvement Districts (BIDs) upon the petition of at least one property owner within the proposed district. The purpose of the law is ". . .to allow businesses within those districts to develop, manage and promote the districts and to establish an assessment method to fund these activities." Upon petition from property owners within the East Side business district, the Common Council of the City of Milwaukee on 9/23/97 Resolution File Number 970779 created BID No. 20 (The East Side Business Improvement District) and adopted its initial operating plan.

The BID law requires that a BID Board "shall annually consider and make changes to the operation plan. The board shall then submit the operating plan to the local legislative body for approval." The Board of BID No. 20 (The East Side Business Improvement District) submits this 2022 BID operating plan in fulfillment of the statutory requirement.

This plan proposes a continuation and expansion of the activities described in the initial 1997 BID operating plan. Therefore, it incorporates by reference the earlier plans as adopted by the Common Council. In the interest of brevity, this plan emphasizes the elements, which are required by Sec. 66.1109, Wis. Stats. and the proposed changes for 2022. This plan does not repeat the background information that is contained in the initial operating plan.

II. RELATIONSHIP TO MILWAUKEE COMPREHENSIVE PLAN AND ORDERLY DEVELOPMENT OF THE CITY

No changes in the District planning or zoning have occurred since adoption of the initial operating plan.

V. METHOD OF ASSESSMENT

A. Assessment Rate and Method

As of January 1, 2021, the properties in the district had a total value of 172,491,500 of which \$112,496,095 is assessable for the BID. This plan proposes to assess the taxable property in the district at a rate of \$5.00 per \$1,000 of assessed value with a cap at \$5,000 for the purposes of the BID. Appendix A shows the projected BID assessment for each property included in the district.

The principle behind the assessment methodology is that each property owner should contribute to the BID in proportion to the benefit derived from the BID. After consideration of assessment methods, it was determined that the assessed value of a property was the characteristic most directly related to the potential benefit provided by the BID. Therefore, a uniform rate applied on the assessed value of each property was selected as the basic assessment method for BID No. 20.

The variables used to determine the regular BID assessments are:

- The total assessed value of each tax key parcel within the district; and
- \cdot The specific dollar amount per \$1,000 of the assessed value of each tax key parcel.

The assessment methodology is as follows: For each of the taxable tax key parcels within the BID boundaries, the BID assessment is calculated by applying a \$5.00 per \$1000 charge against the assessed value of the parcel.

B. Excluded and Exempt Property

The BID law requires explicit consideration of certain classes of property. In compliance with the law, the following statements are provided:

1) Sec. 66.1109 (1m): The district may contain property used exclusively for manufacturing purposes, as well as properties used in part for manufacturing. These properties will be assessed according to the method set forth in this plan because it is assumed that they will benefit from development in the district.

2) Sec. 66.1109 (5) (a): Property known to be used exclusively for residential purposes will not be assessed. Such properties are identified as exempt properties as revised each year.

3) In accordance with Sec. 66.1109 (1) (b), Wis. Stats., property exempt from general real estate taxes have been included in the district. Privately owned tax exempt property, which is expected to benefit from district activities, may be asked to make a financial contribution on a voluntary basis.

4) In accordance with 66.1109 (5) (d): If real property that is specially assessed as authorized under this section is of mixed use such that part of the real property is exempted from general property taxes under s. 70.11 or is residential, or both, and part of the real property is taxable, the municipality may specially assess as authorized under this section only the percentage of the real property that is not tax-exempt or residential. This paragraph applies only to a 1st class city.

VI. CITY ROLE IN DISTRICT OPERATION

The City of Milwaukee has committed to helping private property owners in the district promote its development. To this end, the City has played a significant role in the creation of the BID and in the implementation of its operating plan.

In particular, the City will continue to:

 \cdot Provide technical assistance to the proponents of the district through adoption of the operating plan and provide assistance as appropriate thereafter.

• Monitor and, when appropriate, apply for outside funds, which could be used in support of the district.

• Collect BID assessments; maintain the BID assessments in a segregated account; and disburse the BID assessments to the district.

• Receive annual audits as required per Sec. 66.1109 (3) (c) of the BID law.

• On or before June 1st of each plan year, provide the Board, through the Tax Commissioner's Office, with the official City records on the assessed value of each tax key number within the district as of January 1st of each plan year for the purposes of calculating the BID assessments.

• Encourage the State of Wisconsin, Milwaukee County and other units of government to support the activities of the district.

VII. BUSINESS IMPROVEMENT DISTRICT NO. 20 BOARD OF DIRECTORS

The Board's primary responsibility will be implementation of this operating plan. The current BID No. 20 Board of Directors and staff is comprised as follows:

VIII. FUTURE YEARS' OPERATING PLANS

It is anticipated that the BID will continue to revise and develop the operating plan annually in response to changing development needs and opportunities in the district, in accordance with the purposes and objectives defined in this operating plan.

Section 66.1109 (3) (a) of the BID law requires the BID Board and the City to annually review and make changes as appropriate in the operating plan. Therefore, while this document outlines in general terms the complete development project, it focuses upon 2019 activities. Information on specific assessed values, budget amounts, and assessment amounts are based on 2022 conditions. Greater detail about subsequent years' activities will be provided in the required annual plan updates. Approval by the Common Council of such operating plan updates shall be conclusive evidence of compliance with this operating plan and the BID law.

In later years, the BID operating plan will continue to apply the assessment formula, as adjusted, to raise funds to meet the next annual budget. The method of assessing shall not be materially altered, except with the consent of the City of Milwaukee.

IX. AMENDMENT, SEVERABILITY, AND EXPANSION

The BID has been created under the authority of Section 66.1109 of the Statutes of the State of Wisconsin. Should any court find any portion of this statute invalid or unconstitutional, its decision will not invalidate or terminate the BID and this BID operating plan shall be amended to conform to the law without need of reestablishment.

Should the legislature amend the statute to narrow or broaden the process of a BID so as to exclude or include as assessable properties of a certain class or classes of properties, then this BID operating plan may be amended by the Common Council of the City of Milwaukee as and when it conducts its annual review and approval of the operating plan and without necessity to undertake any other act. This is specifically authorized under Sec. 66.1109 (3) (b), Wis. Stats.

The East Side BID #20 Annual Report (Activities Sept. 2020 – August 2021)

The East Side Business Improvement District's mission is to build a coalition to curate Milwaukee's most vibrant neighborhood.

Core Programs

• We currently contract with two weekly cleaning services in our District to make sure it's always looking its best for our 100+ businesses. In addition, we contract out maintenance and care of 94 street planters. We worked with the City to add temporary trash cans to high-traffic areas for the summer as well.

• We decorate the core of the district with Holiday lighting from November to February to help drive traffic into the district during the cold winter months.

• We took over management and programming of Black Cat Alley, which was previously run by an external vendor. This year Black Cat Alley is slated to add three new murals from local Artists. We developed a plan to minimize graffiti in Black Cat Alley. Black Cat Alley management and activation was supported by a grant from the Greater Milwaukee Foundation.

• We restarted, paused to due COVID-19, a district-wide strategic plan that will be completed in fall of 2021

• Our crime rates are relatively low in comparison with the rest of the City- the current problems consisting of aggressive panhandling, high-speed traffic, property damage, graffiti, and some robberies.

• We have a part-time Special Projects Manager and a vacant Executive Director position as of July 2021. The position will be posted by the end of September 2021, paused so that we can complete the majority of strategic planning to ensure we define the position in line with our future goals for operation of the BID.

• The Board currently meets at least 6 times per year, but meetings are often called more often as the need to discuss high-level items arise.

- We provided staff for the East Side Architectural Review Board for half of the year.
- We introduced an Executive Committee of the Board, with five Board Members serving on it, to ensure consistent Board engagement and connection with staff.

• The BID remains a member of the Connect Communities program, a "first step" to membership in the National Main Street redevelopment program.

• East Side ON programming was continued to market and support local businesses during the COVID-19 pandemic.

- We organized multiple neighborhood clean-up events.
- The Active Streets program was continued for four local businesses, utilizing BID planters.

Economic Development

• Since our last report, the following new businesses have opened Skylos, Ruta's Vibrant Indian Cafe. Two businesses closed due to the Covid-19 pandemic. The Oriental Theatre, Hooligans, both reopened in August of 2021, and the Jazz Estate and Nine Below are soon to reopen.

• Two business are set to open yet this year: Dogtopia and Roll Train.

• Renovations: The Oriental Theatre is undergoing a multi-year 6 million dollar remodeling project interior and exterior, and McDonald's will soon renovate its entire property.

Marketing & Branding

• We have a strong Social media presence. We have over 13,000 Facebook followers; Twitter has almost 9,700 followers; Instagram now has over 2,000 followers.

• We maintain an email list of 2400+ contacts.

Core Events

• Due to COVID-19 and the pandemic, all core annual BID events including the East Side Fitness Crawl, Summer Soulstice, and Tomato Romp were canceled in 2021.

• To ensure some event programming in the BID, we brought back the East Side Art Lot in 2021, and hosted eight East Side Art Markets and four Live @ the Lot musical events featuring local artists. The 2020 East Side Art Lot received an award from Wisconsin Main Street Awards for the Best Downtown Revitalization Initiative-Connect Community, as well as funding support from AARP.

A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

1. Organization and business activity

The East Side Business Improvement District #20 (BID) represents Milwaukee's most exciting retail, entertainment, and residential district. Located between Lake Michigan, the Milwaukee River, downtown Milwaukee and the University of Wisconsin-Milwaukee; the BID is actively involved in the conscientious development of an enhanced business district designed for people looking for a dynamic place to live, work, shop, and relax.

The Mayor and the Common Council created the BID in October 1997 under the authority granted by Wisconsin Statutes Section 66.1109. The BID is an association of property owners governed by seven board members. Members are appointed to three-year terms by the Mayor and confirmed by the Common Council.

2. Cash and cash equivalents

The BID considers all highly liquid investments with original maturities of three months or less to be cash equivalents.

3. Accounts receivable

Accounts receivable consist primarily of noninterest-bearing amounts due for program services. The BID determines the allowance for uncollectible accounts receivable based on historical experience, an assessment of economic conditions, and a review of subsequent collections. Accounts receivable are written off when deemed uncollectible. At December 31, 2020 and 2019, management determined that no allowance for uncollectible accounts receivable was required. The BID has no accounts receivable at December 31, 2020 and 2019. Receivables from contracts with customers are reported as accounts receivable, in the accompanying statements of financial position. Contract liabilities are reported as deferred revenue in the accompanying statements of financial position.

4. Property and equipment

Property and equipment are recorded at cost or fair market value if donated. The BID's policy is to capitalize all tangible assets which separately or in the aggregate have an acquisition cost of \$500 or greater. Major additions and improvements are capitalized. Property and equipment are depreciated over the estimated useful lives of the assets, using the straight-line method. When assets are sold or otherwise disposed of, the cost and related depreciation or amortization are removed from the accounts, and any resulting gain or loss is included in the statements of activities. Costs of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed currently. Depreciation expense for the years ended December 31, 2020 and 2019 was \$266 and \$267, respectively.

5. Net assets

The BID follows the accrual method of accounting wherein revenues and expenses are recorded in the period earned or incurred. Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

The BID reports contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

6. Revenue and Revenue Recognition

Revenue is recognized from rental and programs when the services are provided. All services are transferred at a point in time. Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met. As of December 31, 2020 and 2019, the BID has no conditional contributions.

7. Streetscape improvements

Streetscape improvements are not capitalized; rather they are expensed as incurred as they are considered part of the City of Milwaukee's public infrastructure.

8. Donated services and in-kind contributions

Volunteers contribute significant amounts of time to our program services, administration, and fundraising and development activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles. Contributed goods are recorded at fair value at the date of donation. The BID records donated professional services at the respective fair values of the services received. Note H.

9. Allocation of functional expenses

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include occupancy, depreciation, salaries and wages, benefits, payroll taxes, professional services, office expenses, supplies, insurance, and other, which are allocated on the basis of estimates of time and effort.

10. Income taxes

The BID is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal income taxes on related income pursuant to Section 501(a) of the Code.

10. Income taxes - continued

The BID evaluates it tax positions and assesses their uncertainty, if any, through review and application of various sources of tax authority including statutes, regulations, rulings, court cases and widely held administrative practices.

The BID's informational returns are subject to examination by the IRS, generally for three years after they were filed. Management believes that no uncertain tax positions exist for the BID at December 31, 2020 and 2019. The BID has not incurred any interest or penalties for income taxes for the years ended December 31, 2020 and 2019.

11. Use of estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates, and those differences could be material.

12. Subsequent Events

Management has evaluated subsequent events for recognition and disclosure in the financial statements through September 8, 2021, which is the date that the financial statements were available to be issued. See Notes C and I.

B – LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statements of financial position date of December 31, 2020 and 2019, comprise the following:

		2020		2019	
Cash and cash equivalents	\$	35,778	\$	34,991	
Accounts receivable		850		3,220	
	<u>\$</u>	36,628	<u>\$</u>	38,211	

As part of its liquidity plan, The BID invests cash in excess of daily requirements in short-term money market funds.

C – REFUNDABLE ADVANCE

The BID was granted a \$11,780 loan under the Paycheck Protection Program "PPP" administered by a Small Business Administration (SBA) approved partner during the COVID-19 outbreak (see Note I). The loan is uncollateralized and is fully guaranteed by the Federal government. The BID recorded the loan, plus accrued interest of \$79 as a refundable advance and will recognize grant revenue in accordance with guidance for conditional contributions; that is, once the measurable performance or other barrier and right of return of the PPP loan no longer exists. No contribution revenue has been recorded for the year ended December 31, 2020. Subsequent to year end, the BID received full forgiveness of the amount due.

Subsequent to year end, the BID applied for and received a second PPP loan of \$11,538 to help cover payroll costs, rent and utilities during the outbreak. This loan will be forgiven if the BID meets all of the compliance obligations for loan forgiveness of the PPP. The BID expects to meet the criteria of the PPP program and anticipates full forgiveness.

D-ASSESSMENT INCOME

In order to provide revenues to support the BID's mission, the Common Council of the City of Milwaukee enforced an assessment on property located within a specified are of Milwaukee. The assessment is calculated based on assessed values of the properties every fall. The assessment is levied on the district properties was \$5 per \$1,000 of assessed property value with a maximum assessment of \$5,000 per parcel.

E – REPAYMENT OF CITY OF MILWAUKEE ADVANCE

The BID, in cooperation with the City of Milwaukee finished streetscape improvements in 2003. Financing for the \$1.7 million project was funded partially by a \$500,000 contribution from the City of Milwaukee plus proceeds from a city bond issue.

The BID was obligated to repay the City of Milwaukee for its streetscape improvement assistance over 20 years, plus interest at 5.89%. The principal and interest amounts were funded through future special tax assessments. The BID's annual debt service obligation to the City of Milwaukee was repaid in full in 2020.

F - LEASE COMMITMENTS

The BID leased its office space under a month-to-month operating lease through August 31, 2020. Minimum rental payments under the lease were \$203 monthly. The BID also leases storage space under a month-to-month operating lease, the monthly payments are \$135.

Total rent expense for the years ended December 31, 2020 and 2019 was \$2,563 and \$3,831, respectively.

G – CONCENTRATION OF RISK

For the years ended December 31, 2020 and 2019, the BID received \$217,678 and \$213,259, representing 88% and 59% of revenue, respectively from the City of Milwaukee assessments.

H – DONATED FACILITIES, SERVICES AND PERSONAL PROPERTY

The BID receives various types of contributed goods and services support, including professional services and auction items. Donated services are reported in the financial statements for voluntary donations of professional services when those services create or enhance nonfinancial assets or require specialized skills, are provided by individuals possessing those skills, and typically would be purchased if not provided by donation. The approximate fair value of donated services totaled \$23,636 and for the year ended December 31, 2019.

A substantial number of unpaid volunteers have made significant contributions of their time to develop the BID's programs. No amounts have been recognized in the statements of activities because the criteria for recognition under U.S. GAAP have not been satisfied.

I – RISKS AND UNCERTAINTIES

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) a pandemic. As a result, economic uncertainties have arisen which are likely to negatively impact support and revenue. The COVID-19 outbreak in the United States has resulted in reduced activities, cancellation or postponement of events, as well as temporary closures where government mandated. At the current time, the BID is unable to quantify the potential effects of this pandemic on future financial statements.
