Item: 1. 210894 Substitute resolution relating to the appropriation of the remainder of the first tranche of American Rescue Plan Act funds.

eComment: I'm writing in support of Proposal #31 to allocate \$1 million to constructing an indoor soccer complex. This is a catalytic project that can meet the recreational needs of the community, generate new business for the local economy, prevent violence and crime, create jobs and promote healthy living. Every year, thousands of City of Milwaukee residents spend their money at the soccer complexes located in the suburbs. By redeveloping an underutilized building, the project would attract new businesses to the area and new visitors for the existing businesses. This project also matches goals #3 (Support Children, Youth and Families) and #5 (Foster Safe and Strong Neighborhoods) in the Blueprint for Peace created by the Office of Violence Prevention. As the plan says "Investment in neighborhood infrastructure projects (roads, buildings, parks, transportation and public services) that address blight and deterioration is an essential component in preventing violence and has been shown to foster community connectedness and encourage positive social interaction and trust.
