Item: 1. 210894 Substitute resolution relating to the appropriation of the remainder of the first tranche of American Rescue Plan Act funds.

eComment: I support proposals 47, 50, 51 and 52. I believe we have to commit funds to public health approaches to violence prevention. We have to transition from seeing public safety as policing only. I understand, that like any public health effort, much of the success is invisible since the measure is things that DON'T happen. So easy to cut funding because you can't see the results right away. I worked for the Milwaukee Health Department as an inspector from 1991-2016 and I also support hazard pay for general city employees. They are out there as much as protective services staff! They interact with an increasingly irate and hostile public. Public health workers have really been catching it since COVID.
