Item: 1. 210894 Substitute resolution relating to the appropriation of the remainder of the first tranche of American Rescue Plan Act funds.

eComment: I support proposal #56, increase access to parenting education and support in the city of Milwaukee. Throughout the pandemic, families have experienced an increase in stress and trauma which has impacted their ability to cope. Triple P - Positive Parenting Program provides early, comprehensive support to parents; reduces childhood behavioral issues; and increases family stability. Supporting parents and caregivers is essential to improving the well-being and resiliency of communities. Parents are kids' first and life-long teachers and their influence is far-reaching. Equipping them with the confidence to problem-solve daily stressors drastically improves outcomes for entire families. This helps mitigate the escalation of stressful and challenging behaviors for both parent and child – behaviors that, if left unchecked, have the potential to lead to adverse experiences and more costly interventions. This, in turn, can help reduce city expenditures down the road for violence prevention and public safety.
