Individuals in support:

Kayla Fitzgerald – said that she is neighbor and that she has made multiple reports to the police and that she does not know why they are not included. She added that the drug deals happen in front of her house, that there was once an intoxicated patron that came out to pull his pants down and urinated in the middle street in broad day light. She added that incidences keep on happening and that they are concerned.

Mr. Lucas said that he believes that all the neighbors have his phone number.

Ms. Fitzgerald said that her husband has reached out to him on his Facebook page but that they do not have his telephone number.

Mr. Lucas shared his telephone number and said that he can be reached out at any time and talked about a persistent situation with a person who used to be a regular at his bar. He added that he has to be very careful about the words that he uses to accuse or to report because he has been threaten by attorneys.

Ms. Fitzgerald said that she is concerned about all those calls for service not being recorded.

Sgt. Velasquez said that she has checked the calls for service for the address and that nothing comes out and that it is probably because the people do not know the business' address.

Ald. Brostoff said that is not a big thing to look for the address of the bar if the callers do not know it.

Ald. Dimitrijevic recommended approval with a warning letter.

14 BROWN, Brian, Agent for "WALGREEN CO", Food Dealer License Renewal Application for "WALGREENS #3509" at 620 W OKLAHOMA Av. (Expires 5/31/2023)

Atty. Bob Shannon and Atty. Sarah Butler appeared on behalf of the applicant and Ms. Kimberly Walz were present as well. Atty. Shannon requested that the application be held in order to have a conversation with Ald. Dimitrijevic.

Individuals also present:

Ald. Dimitrijevic said that she have had conversations with the attorneys and MPD before and that she does not know why this application has been requested to be held when there is over 60 items on the police report. She added that last year the license was granted with a warning letter waiting to see what happens and that nothing changed. She added that MPD is not Walgreen's private security company and that it is not the way to use the taxpayers' money.

Atty. Shannon said that the police response went down from 2021 to 2022 and that he would ask for an opportunity to lay out the abatement plan with Ald. Dimitrijevic and MPD.

Ald. Dimitrijevic asked if they would need to issue a provisional license to accommodate the hold request.

Mr. Cooney said that a provisional would be needed.

Ald. Dimitrijevic said that it seems that these large corporations are more difficult to deal with than the small businesses in the area and those special accommodations should have been requested prior this meeting. She added that they had this same conversation last year. She also said that she is fine with holding the application for now but that she is looking for a real security company to take care of the location.

Ald. Chambers said that he understands Ald. Dimitrijevic's frustration because it seems that she is repeating herself from last year and that he does not understands the reluctance of hiring security guards.

Ald. Borkowski said that he is bothered by Atty. Shannon's position and that over 60 items on the police report are enough reason to not move forward.

Ald. Brostoff moved to hold the application to call of the chair. There were no objections. (Prevailed 5-0)

The applicant was present.

Individuals also present:

Ald. Coggs said that this application was held to get some clarity on the police report.

Mr. Ellzey said that he spoke to the business owner and some other representatives and that the matter started inside the store and then escalated after both parties left the establishment.

Sgt. Velasquez said that the district was able to put together the pieces and that the victim got hit with the hand gun, that management did not call the police based on the fact that the victim said that he was calling himself.

The applicant said that he has been in the business for 20 years with no issues and that the shooting did not happened inside the store. He added that he has security cameras in place and that the victim asked not to call the police because he said that he was calling instead while he was holding the phone.

Ald. Coggs asked if the video matches with what the applicant has said.

Sgt. Velasquez said that they cannot see if the person is holding or not the telephone.

Ald. Coggs said that it could seem a little detail for the police officers but for the committee is a big detail.

Mr. Ellzey recommended approval with a warning letter and reminded the applicant that the protocol should be to call the police.

Mr. Chambers moved approval with a warning letter based upon the preponderance of the evidence in the police report. (Prevailed 4-1)

15 THOMPSON, Paul S, Agent for "BRIDGEMAN FOODS II, INC", Extended Hours Establishments and Food Dealer License Renewal Applications for "WENDY'S RESTAURANT #6" at 4601 W NORTH Av. (Expired 4/30/2023)

The applicant was present and said that the employee had a gun and that what happened on that day by watching the video, is that they had a customer by the window that got into with an employee and that they were in the queue for 25 minutes. He continued saying that the customer got out of the car and went to his trunk to get something trying to hit the window. He said that at the same time, somebody must have called somebody, because there is one white car coming up on the side by the drive thru and pulled up half way cross, got out of the car and shot five or six bullets in the building.

He added that no one was hurt but that the employee at some point exited the building, went to the side of the building and fired one gunshot. He said that the employee was

terminated. He added that he has been running these stores for over 35 years and that they take all the police report items very seriously by putting a plan together addressing security and how the employees must react because 90% of the incidences could be deescalated. He also said that they do the same thing with every store nationwide. He also mentioned that they have had 15 incidents at 11 stores since last May, with three incidences involving a gun and that this the only incident involving an employee. Mr. Thompson mentioned that they closed down their offices in Milwaukee, that somehow the paperwork got lost and that they found themselves applying for provisional licenses. He said that he understands that the alderman denied the provisional license because of the shooting. (The applicant provided a copy of the employee handbook and the rundown of the steps that are being taken right now).

Individuals also present:

Ald. Coggs asked the applicant if he has shared this framework with the alderman's office (referring to the documents that were shared at the table).

The applicant said that he had a conversation with him and that he apologized for that mistake that should not have happened.

Ald. Borkowski asked if the employee returned fire.

Mr. Thompson said that they do not know if he started or returned the fire but that the employee fired a shot.

Scott Thompson – oversees the operations – said that it seemed that the employee had the firearm on his person according to the video. He added that they always make sure to hire the right people for the restaurant with the procedures in place for hiring and that they will continue brushing them up for hiring and retaining purposes.

Ald. Coggs asked what is the policy for firearms.

Mr. Thompson said that the policy is that no firearms are allowed in the workplace/store.

Ald. Coggs asked if the employee had the firearm on.

Scott Thompson said that it looks that he had it on and concealed somewhere in his body.

Ald. Coggs asked if the staff or management knew that he had it on.

Scott Thompson said that not that he is aware of.

Ald. Coggs said that sometimes we need to look not only at the bad actors but at the work environment as well.

Scott Thompson said that they agreed and that they have changed staff and managers for the store.

Ald. Borkowski said that he had enough and that he won't be supporting this renewal because of the firearm involved with the employee.

Mr. Ellzey said that this situation was disturbing to him and that when he spoke to the agent, he was told that they could not tell from the video if the employee went to his car to get the firearm or if he had it on. He continued saying that what the applicant is saying today, is that it seemed that the employee had the gun on. He also said that he has not seen the video because he would need to make a special request to MPD and that he does not know why if the matter is related to the license. He added that the different versions are the key point to him speaking on terms of ownership and that the employee was not arrested, he did not answer questions and that he has not been charged. He added that he agrees with Ald. Borkowski about that we all have to do a little better and accept our responsibilities. He also said that by the time that the license is issued (if approved) it is going to be exactly a month (May 31st) which is enough for a disciplinary action into his opinion.

Ald. Coggs asked if there is anything on the police report about the employee going to the car.

Sgt. Velasquez said that it does not say that the employee went to his car.

Ald. Coggs asked how could the record reflect the de facto suspension caused by the lapse.

Mr. Cooney stated the committee could move for the suspension but hold it in abeyance.

Atty. Farris agreed.

The applicant said that he understands everything and that they closed the establishment because it was the right thing to do due the lack of a valid license. He added that it is difficult to stop the gun violence and thanked the committee for the conversation.

Ald. Coggs moved approval with a 30 day suspension in abeyance (because the license lapsed) based upon the preponderance of the evidence in the police report that demonstrates the operation results in a threat to the health, safety or welfare of the public. (Prevailed 3-1-1)
