1. [211406](#) Communication from the Milwaukee Police Department relating to its policies and procedures for patrol and policing entertainment districts and venues in downtown Milwaukee in general and for the "Code Red" initiative in particular.

Sponsors: Ald. Bauman

Ald. Bauman said that there was an extensive hearing for ELEMNT on the last cycle and that there was a significant discussion about what MPD do and do not do relative to policing of large entertainment venues such as ELEMNT and that is the specific cause for bringing this file forward to discuss the policy of MPD regarding patrolling and enforcement of these major night clubs because allegations were made that the police in fact was an instigator of trouble instead of mitigate the trouble. Also said that in the more general subject (started last summer) large crowds were gatherings on Water St not only in connection with the Bucks' win but on Fridays and Saturdays as well and were not patronizing businesses or bars. Explained that constituents contacted his office because of the noise, loitering, cars speeding, racing cars, underage drinking, disorder and criminal behavior with no arrests so he thinks that the Police Department must answer all the questions because they have the discretion to arrest and press charges and that also will be useful for him, for the committee and the council to understand the policy when responding to these type of disorders and what the council representing the community want them to do.

Nick DeSiato from MPD made a presentation with a map of the Code Red Development Area and said that all "Policies and Procedures" related to Code Red are documented on operation plans and made clear that Code Red is not designed to provide security for the businesses but to provide a safe environment for the patrons. Explained that Code Red is between 7 pm and 3 am on Friday and Saturdays only within that area and times and highlighted that there has been a 77% increase on calls for service. The presentation was added to the file. Mr. De Siato said that received a clear message from Chief Norman that MPD wants to be responsive to the elected officials.

Ald. Coggs asked if any of the bars on the map area has hired any off duty police officers for security.

MPD said that no bar in the red code area or anywhere in the city have hired off duty police officers.

Ald. Perez said that there is record of the use of the Code Red at one establishment on his district.

Ald. Bauman said that the presentation was helpful but wants to know what is the operating plan, the use of the force policy. What the police is supposed to do?, What are the instructions to the officers?

Ald. Coggs said that there is a lot that can be done to control larger crowds and that P33 are summarized for and that it is difficult to measure or how drastic the situation it was but as for ELEMNT the report said that one member of the staff was throwing a chair to a patron and no citation were given to that employee.

Ald. Bauman said that the file must be held open to invite also others to weigh in and to keep the conversation going.

Ald. Kovac said that the typical issue is crowds and fights outside from bars so that is the problem that must be addressed at this committee and to include more bar owners in this conversation.

Beth Weirick from Responsible Hospitality Institute - Said that it is a city wide issue and believes that city should utilize resources proactively instead of reactively. Visitors and tourists are here to spend money and support businesses and jobs and there must be a conversation.

Omar Shaikh said that eventually we must have the business owners to come together to address the current behavior. Added that there are no movies theaters on the north side for example and he is ready to support incitaives like that.

Felicia Moore- Community Activist said that she has a viable solution for this matter and that she has already started it.

Bobby Wilgen said that Code Red is very important and has supported the work that MPD has done.

Ald. Kovac moved to hold the file to the call of chair. (Prevailed 5-0)

07 RAY, SR, Michael, Agent for "Michael Ray Gents Plus LLC", Class B Tavern and Public Entertainment Premises License Renewal Applications for "Gold Diggers Milw" at 4750 N HOPKINS St. (Expired 11/23/2021)

Atty. Michael Maistelman (virtually) appeared with the applicant (in the room).

Mr. Cooney pointed out that the meeting was ahead of schedule.

Paused at 2:38 pm.

Reconvened at 2:41 pm.

Ald. Rainey said that there was a reason why this application was brought back to committee.

Mr. Cooney explained that there were videos submitted by a neighbor that were not shown at committee so the application was returned by the Common Council.

Atty. Maistelman said that he believes that the committee gave a suspension for the issues on the police report and that nothing has been added to the police report since March of last year and agrees with Ald. Rainey is to see the videos.

Individuals in opposition:

Roshunda Cleveland - 4750 N 37th St

Ald. Coggs asked is she was the neighbor who submitted the videos to the License Division and explained Ms. Cleveland that the reason of today's hearing is to support her allegations with the videos that she provided to the License Division and that she needed to give a context of the videos that we are about to see.

Atty. Maistelman asked for a narrative of what we are seeing.

The applicant said that she cannot do it because she is on the phone and could not log in.

Atty. Maistelman said that it is going to be problem because Ms. Cleveland is on the phone and she cannot give a narrative.

Ald. Rainey admitted that the videos were sent to him as well.

Atty. McNally said that Ms. Cleveland must log in so she can provide us with a context of those videos.

Ald. Coggs asked for a recess while Ms. Cleveland tries to log in at 2:50 pm.

The meeting reconvened at 2:59 pm.

Ald. Rainey said that he would like to hold the application so Ms. Cleveland can resolve her technical difficulties because the explanation of the context is definitely needed.

Atty. McNally said that he will look into the option to extend the provisional license.

Atty. Maistelman said that based on his experience the City has never issued two provisional licenses back to back and added that is not fair to his client to come back for a third time.

Ald. Coggs asked Atty. McNally asked if there something preventing from doing it.

Atty. McNally said that the second provisional is a less developed area of the ordinances and that there will be an issue if we are going to hold the application today without taking any action before the expiration.

Atty. Maistelman said that is not fair to his client to come back for a third time if the neighbor is not prepared.

Ald. Coggs said that the neighbor did what she is supposed to do and that the videos were not shown because the License Division did not mention it and that we are not going to be unfair to Ms. Cleveland now that she has technical difficulties when we have had technical issues the entire day. Added that is a little gray whether or not if we can issue a second provisional before the council date.

Mr. Cooney said that objections to disciplinary actions are due on January 11, 2022.

Atty. McNally said that provisional licenses are not renewable after reading further.

Ald. Rainey said that he will support the special meeting to see this videos and hopes that Ms. Cleveland be prepared to give the context needed.

Mr. Cooney said that the videos are 12 about 30 seconds to a minute each and that

you can see the fire works, smoke, someone firing a firearm and people loitering.

Ald. Kovac suggested to get it done while we are all here.

Ald. Dodd said that she wants the neighbor to get a fair hearing.

Ald. Borkowski said that he wants to be fair to everyone and leave no room for a gray area.

Ald. Perez moved to another part of agenda.

Ald. Rainey said that he won't be able to attend the meeting later today and that the application should be held.

01 BLACKBURN, Liza M, Agent for "BOC Group LLC", Class B Tavern and Public Entertainment Premises License Renewal Applications for "Oasis Jazz Bar & Grill" at 3120 W Villard Av. (Expires 2/8/2022)

The applicant was present along with Obi Obiora who is the agent for the food license. Mr. Obiora said that there is a miscommunication regarding the item number 2 on the police report because he was not aware of that someone was shot and later after reviewing the videos with the police they saw that the person who got shot left the scene and went to the hospital so he had no clue. The police got the phone call from the hospital that someone was shot. Added that he has hired an armed guard to be at the front door to avoid this type of incidents that actually was a scare for themselves as well.

Ald. Perez asked if that was the response to the item on the police report that he was not cooperative with the police.

Mr. Obiora said that yes, that he is always cooperative and that time he did not know that a shooting incident happened outside.

Individuals in support:

Homer Blow - 2803 W Capitol Dr - said that he supports the application because Mr. Obiora is never hesitant about cooperating with the police and always working with the community and that the incident is a very unfortunate one that took place outside but that the applicant has taken safety measures as well and always diligent and that if we are about to take a license away, we must have take the licenses from the entire city away.

Angelique L Sharpe - 6161 N 60th St - Villard Ave Business Improvement - said that she is here to share her experiences from the past three year and that on 2022 Oasis was selected to help to bring the community back (sort of a drive) and that they were not only a financial contributor but a community partner allowing them to hold the concerts indoors because of the rain and by participating with a cultural mural, activities and community meetings. Added that Mr. Obiora is working with the police to make a safer community and to revive the neighborhood and that has up scaled the security team.

Ald. Perez asked Ms. Sharpe if all the business are open as late as Oasis because if the other business are open during the day and if they have the same plan of operations because it would be a different world he added.

Ms. Sharpe said that Oasis is not the only business that opens at night and pointed out the investment that they are making in their own business and the community.

Ald. Perez said that he got a better feel of the environment rather than the business operations. Added that he visits the area frequently.

Ald. Hamilton asked if anyone from the police department was present. He said that everything that Angelique and Homer Blow said about Oasis is true and gotten better with the years and have become an anchor or staple for the Villard Ave. but that he also wanted to be honest and said that they cannot scare away long time patrons with that kind of items on the police report. Also said that one of the things that he wants to see moving faster is that the applicant has total control of who promotes his business and there it be a commitment to his long time patrons to avoid situations that carries issues that lasts. Also asked the applicant to take care of those situations before he is brought to committee again and to be committed to find a business model that does not bring him back here. Added that he wants to see this business succeed and be a model for this type of business and to raise the level of expectation and to continue the legacy of this business.

Ald. Hamilton said that he wanted to acknowledge what this business do for the business district and recommended renewal with a warning letter and to commit to find the business model that is needed to succeed.

Ald. Kovac said that he wanted to circle back on the shooting item because the police

report is very clear about the casings and floor on the floor and that the security guard missed all that.

Mr. Obiora said that he was at the office at the moment and the security guard was checking customers so the guard was not able to see what happened because it happened so fast and from a moving vehicle and that the victims left right away.

Mr. Obiora said that last year has a renewal with no issues and that now he has more security outside.

Ald. Kovac said that the applicant is cooperative and with having the support of the alderperson and the community moved renewal with a warning letter based on the police report. (Prevailed 4-1)
