THE CHAIR

Resolution relating to expenditure of funds to be reimbursed by greater than anticipated revenue.

The City of Milwaukee has collected TID No. 54 tax increments in excess of tax increments based on a Minimum Market Valuation. The Development Agreement between RER Acquisitions LLC, the City and RACM requires that a portion of these TID No. 54 increments be repaid to the Developer.

Whereas, Section 304-91 of the Milwaukee Code of Ordinances establishes procedural guidelines related to the expenditure of funds to be reimbursed by greater than anticipated revenues; and

Whereas, The Development Agreement between RER Acquisitions LLC ("Developer"), the City of Milwaukee ("City") and the Redevelopment Authority of the City of Milwaukee ("RACM") requires a payment to the Developer to amortize certain costs of the project whenever tax incremental revenue received by the City is in excess of the tax incremental revenue based on the Minimum Market Valuation; and

Whereas, The tax incremental revenue received by the City for the years 2006 and 2007 exceeded tax incremental revenue based on the Minimum Market Valuation resulting in amounts owed to the Developer of \$31,002 and \$85,826, respectively; and

Whereas, Tax Incremental District No. 54 ("TID No. 54") has collected tax increments of \$506,245; and

Whereas, \$116,828 of these TID No. 54 increments are required to be paid to the Developer
