Part II. Administration of Pay Plan.

Sec. 1. Official rates of pay: The official rates of pay listed in all sections of this ordinance except Part 1, Sec. 23 are the biweekly rates listed therein. In Part 1, Sec. 23, 24, 25 and 26, the official rates of pay are either hourly or daily rates, as specified with the exception of Pay Ranges 925, 934, 936, 951 and 955 where the official rates of pay are

biweekly. Other rates of pay, such as monthly or annual, listed in any section of this ordinance are for informational purposes only.

Sec. 2. Appointments, Salary Advancement, Salary Anniversary Dates

Appointment at Minimum: Appointment to City positions shall be at the minimum rate in the scale except as otherwise provided by Part II, Section 2, 3, and 12 of this Ordinance.

Salary Advancement-Nonmanagement employees: Salary advancement above the rate of initial appointment shall be made at the next higher rate upon the completion of each year of service at that particular rate until the maximum rate is received, except as provided in Part II, Sec. 12, Sec. 14 or as specified below.

Timing of Salary Advancement - Nonmanagement Employees: In order to eliminate two rates of pay for the same officer or employee in any period and to reduce and simplify payroll preparation and the auditing thereof, salary advancement within any pay range shall follow the completion of 26 biweekly pay periods and not the precise anniversary date. For the purpose of determining the proper time for the initiation of salary advancements, appointments during a pay period shall be considered as having been made at the beginning of such period.

Department heads are directed insofar as possible to make appointments effective at the beginning of a biweekly pay period. Absence or absences from work without pay for any cause for 10 or more work days in the aggregate shall defer salary advancement for one additional pay period for each such 10 days' absence.

Appointment to a New or Reclassified Position: Appointment of a person in the service of the City to a new position or a reclassified position who has received the same rate of pay for at least one year shall be at the salary increment next above the rate currently received but not in excess of the maximum of the scale, except as may be provided in Part II, Sec. 12 of this ordinance.

Increases in Salary Ranges: When the salary range for a position is increased in conjunction with an across-the-board adjustment, the incumbent shall receive the step in the adjusted salary range that is equivalent to the step previously received.

Hourly Employees - Job Change: Whenever an employee in a position compensated on an hourly basis is appointed, transferred, or reinstated to a position the salary of which is determined under this ordinance, the amount of earnings in the twelve month period immediately preceding such appointment, transfer, or reinstatement shall be calculated. The rate of pay in the new position shall be the increment in the scale next above the amount of the employee's earnings for said period, but not in excess of the maximum increment in said scale.

Hourly Employees - Rates of Pay - Salary Advancement: Payrolls for positions with an official hourly rate listed in Part I, Sec. 23, 24, 25 and 26 shall be based upon the number of hours or days employees are actually employed. Salary advancement above the rate at initial appointment shall be made at the next higher rate upon the completion of each year of service unless otherwise indicated in a footnote within the specific pay range at that particular rate until the maximum rate is received.

Promotion or Reallocation Pay Increase: Appointment or promotion of an officer or employee to a higher level classification or reallocation to a higher level pay range shall be at the pay rate in the new pay range that is at least \$10 more biweekly than the employee was receiving except as provided in Part II, Sec. 12 of this ordinance. In those instances where the next higher pay rate (step) is less than \$10.00 biweekly higher than the employee was receiving, the next step above the higher pay rate (step) shall be paid.

Salary Anniversary Date:

- All nonmanagement employees who are not at the maximum of their pay range will retain their salary anniversary date when they are promoted or reallocated to a higher level pay range.

- All nonmanagement employees who are at the maximum of their pay range will receive a new salary anniversary date when promoted or reallocated to a higher-level nonmanagement pay range. This new salary anniversary date shall be based upon the effective date of such appointment, promotion, or reallocation.
- Employees promoted into job titles contained in the Management Pay Plan (Part I, Sec. 2 of the Salary Ordinance) shall retain their previous salary anniversary date.

Combining Pay Rates into the City's System: Whenever a pay rate in prior salary ranges is not included in salary ranges established in this ordinance, the salary of the officer or employee compensated thereunder shall be advanced to the next higher pay rate in the range established under this ordinance or under previous ordinances as set forth in Part II, Sec. 9.

Minimum Rate of Pay: The salary of an officer or employee receiving less than the minimum of the salary range established in this ordinance shall be advanced to the minimum step of the range unless specifically authorized otherwise.

Sec. 3. Recruitment Above the Minimum: To recruit qualified persons, appointment of a person to a position may be at a rate above the minimum rate within the established pay range provided it is determined by the Common Council that such rate is necessary and provided there is a footnote authorizing it. Otherwise a recruitment study request must be made to the Department of Employee Relations to determine the appropriate pay range necessary to recruit qualified candidates. With regard to positions covered by Part I, Sec. 2 of this Salary Ordinance, salary rates shall be in accordance with special provisions included in that section and in Part II, Sec.12 (for management) or Sec. 14 (for Assistant City Attorneys) of this ordinance.

Public Health Nurses and Public Health Nurse Supervisor: Any person who has held, by regular appointment, a position in the City service classified as Public Health Nurse, or Public Health Nurse Supervisor, has resigned in good standing from the service, and meets the criteria listed below, may upon recommendation of the appointing authority, be re-employed in such position or in another position of the same classification at a pay step above the minimum rate of the established pay range. The pay step may not, however, be higher than one pay step above the current recruitment step which the individual would be eligible for on the basis of the time they previously worked in positions in the same pay range. The criteria for being paid this higher rate is 1) determination by the Department of Employee Relations that there are recruitment problems for such position due to the shortage of qualified personnel and 2) in the judgement of the Department of Employee Relations, supported by a review of the employment history of the individual, such re-employment above the minimum rate would best serve the interests of the City.

Candidates with Masters' Degrees: Except as otherwise provided in this ordinance, any qualified candidate for appointment to a City position allocated to Salary Grades 001 through 003 and Pay Ranges 500 through 535, which requires for appointment possession of a bachelor's degree from a school approved by the Department of Employee Relations, who possesses a master's degree, may upon review of the appropriateness of graduate training by the Department of Employee Relations be initially employed at the third rate of the pay range (or for positions in Salary Grade 001 through 003), the fourth step, upon approval of the Department of Employee Relations. Any incumbent of a City position allocated to Salary Grades 001 through 003 and Pay Ranges 500 through 535 requiring for appointment the possession of a bachelor's degree from a school approved by the Department of Employee Relations may, upon earning a master's degree from such an approved school and approval of the Department of Employee Relations after a review of the appropriateness of graduate training, be advanced to that step in the pay range or salary grade to which the employee would otherwise have been entitled had initial appointment been at the third or fourth step of the pay range or salary grade. Such employees shall retain their salary anniversary dates.

Sec. 4. Voluntary Demotions and Demotions Resulting from Bumping for Year Round Positions: Whenever an employee (except those in bargaining units having different seniority and layoff contract provisions from the District Council 48 bargaining unit) is bumped down, or elects to take a voluntary demotion to another position in anticipation of being bumped, from positions which have traditionally provided year-round employment, the employee shall be paid at the normal maximum rate of the position the employee bumps to if this rate is not higher than the rate the employee was paid prior to being bumped.

If the maximum rate of the position the employee bumps to is higher than the rate the employee had been earning, the employee shall be paid the highest rate in the new range which does not exceed the rate the employee had been earning.

An employee who elects to take a position in a rate range which has special attainment steps, who meets the qualifications prescribed, or who would have qualified for them on the date the appropriate contract became effective, shall be paid the appropriate step.

In no event shall the employee, by application of this provision, be paid in excess of the rate the employee was earning prior to the reduction unless otherwise authorized.

When an employee who has been bumped to another position as specified in this paragraph is appointed to a different position, the employee shall be paid at least the highest step in the new range which does not exceed the step from which the employee had initially been bumped.

a. Scope: This section of the Salary Ordinance pertains to management job classifications listed under salary grades 001 through 020 inclusive in Part I of this Ordinance, except as otherwise stated in this Ordinance.

b. Authority: The Department of Employee Relations shall have responsibility for administering the provisions of this section subject to the review of the Common Council's Committee on Finance and Personnel.

c. Equal Opportunity: Principles of merit and equity shall prevail in all aspects of the administration of this Ordinance. As specified in ch. 109 of the Milwaukee Code of Ordinances, it is unlawful to discriminate because of sex, race, religion, color, national origin or ancestry, age, disability, lawful source of income, marital status, sexual orientation or familial status in regard to job posting, hiring, training, tenure, promotion, compensation, or enforcement of any rule or employment policy and other terms and conditions of employment.

d. Recruitment: Except as provided elsewhere, appointment shall be at the minimum step of the grade to which the classification is allocated. In the event it becomes necessary to recruit at a rate above the minimum, the Department of Employee Relations, with the concurrence of the Chair of the Committee on Finance and Personnel, may authorize appointment up to the seventh step of the salary grade. A listing of appointments made pursuant to this provision shall be communicated to the Committee on Finance and Personnel.

e. Salary Advancement:

(2) Annual salary increments: Except as provided below, management employees, who demonstrate fully satisfactory performance, working in management classifications, shall be eligible for salary increments of one step per year above the initial appointment step, up to the maximum step based upon recommendation of the appointing authority after appropriate review of job performance. (3) Documentation: Annual performance reviews shall be conducted in accordance with the guidelines established by the Employee Relations Department.

Such adjustments will be made under the same conditions as for others in the plan.

(5) Department Heads: Otherwise eligible heads of departments shall be entitled to receive a performance review and salary adjustment under the same conditions as established for general City managers. Evaluations of department heads shall be made by their appointment authority. (6) Comptroller, City Attorney, Municipal Judges, City Treasurer and City Clerk: These individuals shall receive an increment on their salary anniversary pay period. These adjustments shall begin in 1995 and occur in each succeeding year thereafter, provided that the individual is otherwise eligible. It is the intent of this provision that all Municipal Judges be paid at the same rate of pay. Except in the case of the City Clerk, individuals subsequently elected to these positions shall begin at the rate being paid to their predecessor. In the case of the City Clerk, if the Steering and Rules Committee does not approve the adjustment in the amount authorized, no adjustment shall be granted.

In those instances where the next pay rate (step) is less than three percent higher than the employee was receiving, the next higher pay rate (step) shall be paid.

g. Demotions: Demotions of management employees are under the authority of and administered by the Department of Employee Relations. In instances where a management employee disagrees with the salary determination associated with a demotion, he or she may appeal to the Employee Relations Director. Managers, who are demoted for any of the reasons stated below, will retain their last salary anniversary date for pay progression purposes.

The placement of the manager’s salary in the new salary grade after the demotion will be determined as follows:

<u>Type of Demotion</u>	<u>Reason for Demotion</u>	<u>Determination of Rate of Pay after Demotion</u>
<b>Involuntary demotion (disciplinary action issued by hiring authority)</b>	Ineffective job performance <i>(Includes Expiration of Exempt Appointment-Discharge)*</i>	Step in the lower salary grade that is at least 3% below the rate of pay received in the higher Exempt Appointment-salary grade prior to the demotion.
	Misconduct <i>(Includes Expiration of Exempt Appointment-Discharge)*</i>	Same relative step in the lower salary grade as had been the location in the higher level grade prior to the demotion.
<b>Involuntary Demotion (due to factors outside the control of the manager)</b>	Reclassification, reassignment, reduction in work force, or anticipation of such reduction. <i>(Includes Expiration of Exempt Appointment-Separation)**</i>	Step in the lower salary grade that is closest to rate of pay received prior to demotion without exceeding the prior rate or the maximum of the lower salary grade.
<b>Voluntary Demotion</b>	Career Change <i>(Includes Expiration of Exempt Appointment-Resignation)***</i>	Step in the lower salary grade that is at least 3% below the rate of pay received in the higher salary grade prior to the demotion.

h. Flexible Schedule: Employees excluded from the provision of s. 350-5 of the Milwaukee Code of Ordinances (Exclusion from Overtime) in grades 4 and above may, upon department head approval, work on a flexible schedule, so that the daily work schedule may be adjusted from time to time as necessary and appropriate to fulfill assigned duties and responsibilities. Such adjustments may include starting and quitting times that are earlier or later than established in the normal work schedule of the department, and may include more or less than eight hours in any particular day and more or less than forty hours in any particular week.

i. Overtime: Where management positions are excluded from s. 350-5 of the Milwaukee Code of Ordinances (grades 4 and above) the rates of pay established recognize the fact that a certain amount of overtime is considered appropriate and normal for these supervisory and management positions.

j. Salary Adjustment Appeals: Managers may appeal denial of an increment to the City Service Commission. The Commission may hear such cases directly or appoint one or more persons to serve as hearing examiners whose recommendations would be made to said Commission for review and approval. The Department of Employee Relations shall establish policies and procedures for conducting such appeals.

k. Correction of Obvious Errors or Inequities: In the event that a transaction made pursuant to this Section results in an obvious misapplication of its intent, the Director of Employee Relations, with the approval of the Finance and Personnel Committee Chair, is authorized to make equity adjustments or corrections.

Sec. 13. Such authority shall extend to the filling of full time or part-time positions for a greater time than provided in this ordinance, to the rearrangement of time of presently employed physicians and to compensate said physicians on a straight-time basis in their current rate of compensation, provided that the total time and compensation of physicians shall not be in excess of the total time provided in this ordinance and in the Positions Ordinance, nor of the total appropriation provided in the budget. e. Merit Increase Appeals: The reasonableness of the amount of the merit increase granted may be grieved subject to the terms of the labor agreement between the City and the Association of Municipal City Attorneys.

reason held invalid or unconstitutional by any court of competent jurisdiction, such holding shall not affect the validity of the remaining portions thereof. The Common Council of the City of Milwaukee hereby declares that it would have passed this ordinance and each section, subsection, clause, phrase, or portion thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, phrases, or portions thereof be declared invalid or unconstitutional.

Part IV.
