This resolution establishes the 2016 Equivalent Residential Unit as 1,610 square feet and the 2016 Equivalent Residential Unit Rate as \$19.22 per quarter. Based on these values, the Storm Water Management Charge for 2016 is as follows:

Whereas, Section 309-54 provides that the Storm Water Management Charge for each dwelling (building containing one to 4 dwelling units) on a residential developed property shall be the ERU rate, while the Storm Water Management Charge for a nonresidential developed property or a vacant, improved property shall be the total impervious area of the property divided by the ERU multiplied by the ERU rate; now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee, that the 2016 Equivalent Residential Unit shall be 1,610 square feet; and, be it

Further Resolved, That the 2016 Equivalent Residential Unit Rate shall be \$19.22 per quarter; and, be it
