- West Chambers St., West Locust St., North 76th St., and North 77th St.

Whereas, The City is proposing the construction of green alleys within said alleys per said Common Council files; and

Whereas, The cost of the green alley portion of the alley reconstruction projects is approximately \$565,883; and

Whereas, Plans, specifications and cost estimates have been prepared for these projects; now, therefore, be it

Resolved, That the Commissioner of Public Works is authorized to accept MMSD Green Solutions grant funding without further Common Council approval, unless the terms of the grant change as indicated in Common Council File 030712; and, be it

Further Resolved, That the Commissioner of Public Works is authorized to execute the Green Solutions Funding Agreement between the City and the MMSD, a copy of which is attached hereto; and, be it

Further Resolved, That upon approval of this Agreement, the City Comptroller is authorized to create within the Capital Grant and Aid Projects Fund the appropriate Project/Grant Chartfield Value for this project, and transfer to these accounts the amount required under the agreement and City accounting policy, but not to exceed a ten percent increase of the total amounts reserved for the grantor's share and local share or \$5,000, whichever is greater, as follows:

Project/Grant	SP032170100	
Fund	0306

; and, be it

Further Resolved, That these funds are appropriated to the Department of Public Works, which is authorized to expend from the amount budgeted for specific purposes as indicated in the grant budgets and incur costs consistent with the award date; and, be it

Further Resolved, That the Commissioner of Public Works shall have the authority to authorize transfers within the project budget so long as the amount expended for any purpose shall not exceed the amount authorized by the budget by 10% and such transfers are in accordance with grantor regulations; and, be it
