THE CHAIR

Resolution relating to acceptance and execution of funding of a Green Solutions grant from the Milwaukee Metropolitan Sewerage District for the installation of permeable pavers in southerly parking lanes of East Linus Street from South Kinnickinnic Avenue to South Logan Avenue as part of the City's 2024 street paving program, in the 14th Aldermanic District.

This resolution authorizes the Department of Public Works, Infrastructure Services Division, to accept and fund a Milwaukee Metropolitan Sewerage District Green Solutions grant for the construction of permeable pavers in the southerly parking lanes of East Linus Street from South Kinnickinnic Avenue to South Logan Avenue in the amount of \$211,000. The permeable pavers will be constructed as part of the City's 2024 street paving program. The resolution also authorizes the Commissioner of Public Works to execute a post installation Maintenance Covenant with the Milwaukee Metropolitan Sewerage District.

Whereas, The Milwaukee Metropolitan Sewerage District (MMSD) is responsible for collecting and treating wastewater from local sewerage systems; and

Whereas, Green infrastructure, such as permeable pavements, reduces the volume of stormwater in

the sewer system and the amount of pollutants discharged to surface waters; and

Whereas, MMSD desires to promote the installation of Best Management Practices such as permeable pavements and is willing to provide the City funding as part of its Green Solutions Program; and

Whereas, The Common Council File Numbers 220407 authorizing the reconstruction of entire roadway of East Linus Street between South Kinnickinnic Avenue and South Logan Avenue is submitted; and

Whereas, The City has prepared plans to install permeable pavers in the southerly parking lanes of said portion of East Linus Street; and

Whereas, The cost of the permeable pavers portion of the roadway reconstruction projects is approximately \$211,000; and

Whereas, The City will enter into a post installation Maintenance Covenant with MMSD after the completion of the projects; now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee, that the Department of Public Works, Infrastructure Services Division is hereby authorized to apply, accept, and execute grant funding for the projects from the Milwaukee Metropolitan Sewerage District under the terms specified above; and be it

Further Resolved, That the Commissioner of Public Works is hereby authorized to accept and execute such a grant without further Common Council approval unless the terms of the grant change as indicated in Common Council file 030712 (Grant Ordinance); and, be it

Further Resolved, That the Green Solutions funding agreement (G98005P154) and the template maintenance covenant submitted to this file are hereby approved, and City personnel, including the DPW Commissioner, are authorized: (i) to cause the City to enter those documents in the same form, or in substantially the same form and substance, as have been submitted to this file; and (ii) to take such further acts as may be contemplated or required to be taken by the City thereunder so as to carry out the intent and purpose of this resolution and those documents; and, be it

Further Resolved, That upon approval of this Agreement, the City Comptroller is authorized to create within the Capital Grant and Aid Projects Fund the appropriate Project/Grant Chartfield Value for these projects, and transfer to these accounts the amount required under the agreement and City accounting policy, but not to exceed a ten percent increase of the total amounts reserved for the grantor's share and local share or \$5,000, whichever is greater, as follows:

Project/Grant	Parent Grantor Share
Project/Grant	SM320240000
Fund	0491
Organization	2110
Program	0001
Amount	\$211,000

; and, be it

Further Resolved, That these funds are appropriated to the Department of Public Works, which is authorized to expend from the amount budgeted for specific purposes as indicated in the grant budgets and incur costs consistent with the award date; and, be it

Further Resolved, That the Commissioner of Public Works shall have the authority to authorize transfers within the project budget so long as the amount expended for any purpose shall not exceed the amount authorized by the budget by 10% and such transfers are in accordance with grantor regulations; and, be it

Further Resolved, That the Commissioner of Public Works, on behalf of the City of Milwaukee, is authorized to enter into subcontracts (and leases) as detailed in the project budget and in accordance with City purchasing procedures and grant and aid guidelines for awarding such contracts.
