SUBSTITUTE 2

ALD. BAUMAN

A substitute ordinance relating to sidewalk special assessments for those sidewalks damaged by city trees.

115-43-2-b-3 am

Currently, the recovery ratio for all assessable sidewalk reconstruction improvements is 50%. This ordinance eliminates the recovery ratio for those sections of sidewalks whose current assessable scattered site reconstruction is due to damage caused by City trees.

The Mayor and Common Council of the City of Milwaukee do ordain as follows:

Part 1. Section 115-43-2-b-3 and amended to read:

**115-43. Recovery Rates for Assessable Improvements.**

**2. RECOVERY RATES AND RATIOS.**

b. Reconstruction.

b-3. Walk 50% >> except for those sections of walks damaged by city trees which shall have a recovery ratio of 0%, provided however, that this provision should only apply to scatter site repairs  
<<.
