Substitute resolution relating to the acceptance of additional funding for a Great Lakes Restoration Initiative grant from the Milwaukee Metropolitan Sewerage District in the amount of \$15,000 for the installation of a green alley in a portion of the alley between South 9th Street and South 10th Street, between West Lapham Boulevard and West Historic Mitchell Street, in the 12th Aldermanic District. This resolution authorizes the Commissioner of Public Works to accept \$15,000 in additional funding through a Great Lakes Restoration Initiative grant from the Milwaukee Metropolitan Sewerage District, increasing the maximum reimbursement amount to \$100,000, for the installation of a green alley in a portion of the alley between South 9th Street and South 10th Street, between West Lapham Boulevard and West Historic Mitchell Street.

Whereas, Common Council File Number 180771, adopted on September 25, 2018, authorized the Commissioner of Public Works to accept a Great Lakes Restoration Initiative grant in the amount of \$85,000 from the Milwaukee Metropolitan Sewerage District (MMSD) to install a green alley in a portion of the alley between South 9th Street and South 10th Street between West Lapham Boulevard and West Mitchell Street; and

Whereas, The MMSD has offered to increase this grant by \$15,000, so that the total amount reimbursable through this grant for the installation of this green alley shall not exceed \$100,000; and

Whereas, The cost of this project is expected to be less than \$100,000, so no expenditures by the

City will be needed to complete this green alley installation; now, therefore, be it
