A substitute ordinance relating to enforcement of tattooing and body-piercing regulations.
75-51 rc
- Analysis -

This ordinance authorizes the health department to enforce state statutes and regulations of tattooists and body piercers and their establishments, pursuant to an agency agreement between the health department and the Wisconsin department of health and family services. The health department is authorized to license tattooing and body piercing establishments, to deny new or renewal establishment applications and to suspend or revoke licenses for specified reasons. Persons whose applications are denied or whose licenses are suspended or revoked may appeal to the environmental health board for a due process hearing on the department's action.

The ordinance authorizes the department to impose an immediate emergency suspension on a licensee because the licensee's activities constitute an immediate danger to public health. An emergency suspension cannot exceed 14 days unless the immediate danger continues. The environmental health board is required to hold a due process hearing on any emergency suspension.

The penalty for tattooing a person under 18 is a forfeiture not to exceed \$200. Any other violation of the ordinance is punishable by a forfeiture not to exceed \$500. Both penalties are pursuant to state statute. The ordinance may be enforced by the health department and the police department. The ordinance includes common council findings.
The Mayor and Common Council of the City of Milwaukee do ordain as follows:

Part 1. Section 75-51 of the code is repealed and recreated to read:

b. b-1. An emergency suspension shall be for no longer than 14 calendar days. The department may, before expiration of an emergency suspension, determine that the immediate danger to public health continues to exist, and that the temporary order shall remain in effect after the expiration date of the original emergency suspension until a hearing has been concluded and the environmental health board has made a decision on the matter.

b-2. The department may inform the licensee in writing, at the time the suspension is imposed or at any later time prior to the expiration of the emergency suspension, that the suspension may be continued after the expiration date if the department determines that the immediate danger to public health continues to exist.

The appeal shall specify the reasons that the appeal is being made. After receiving an appeal under this subsection, the environmental health board shall set a time and place for hearing the appeal. c. The decision of the board regarding the appellant shall be based only on evidence presented at the hearing. Probative evidence concerning whether or not the appeal should be upheld may be presented on the factors enumerated in sub. 9-b or 11-a, whichever is

applicable.

d. The board may decide whether the department's decision shall be upheld, modified or reversed immediately following the hearing or at a later date. Written notice of the board's decision, including the specific reasons for the decision, shall be mailed to the appellant. The notice shall be mailed to the address on the application or a more recent address furnished in writing by the appellant to the department.
