This ordinance:

1. Provides that any person may appeal to the common council the decision of the city plan commission regarding an application for approval of site work within a development incentive or site plan review overlay zone. The appellant shall file a written request with the city clerk within 20 days of the date on which the city plan commission rendered its decision with respect to site work approval. The city clerk shall file the request to appeal with the common council. After a public hearing at the next regularly-scheduled meeting of the common council's zoning committee, the council may, by majority vote of the common council, reverse or modify the decision of the commission based on whether the development plan for the site work meets the established standards for the relevant overlay zone.

2. Requires that any deviation from the performance or design standards of a neighborhood conservation, development incentive or site plan review overlay zone established on or after the effective date of this ordinance be reviewed by the city plan commission and reviewed and approved by the common council. For any deviation from the performance or design standards of an overlay zone established before the effective date of this ordinance, the current requirement -- review and approval by the city plan commission only - remains in effect.

The Mayor and Common Council of the City of Milwaukee do ordain as follows:
