Resolution authorizing the Commissioners of the Public Debt to market general obligation revenue anticipation notes.

State shared revenue payments comprise about 35% of the City's general fund revenues. The majority of these revenues are received at the end of the year. However, City expenditures occur relatively evenly throughout the year. This causes a cash flow problem where expenses occur prior to the receipt of revenues. This cash flow borrowing permits the City to pay for expenses today in anticipation of receiving the State shared revenue payments later in the year. The Revenue Anticipation Notes are repaid from the November State shared revenue payment.

Whereas, Section 67.12(12), Stats., authorizes the issuance of General Obligation Notes for paying any general and current municipal expense; and

Whereas, Section 67.12(1), Stats., authorizes any municipality entitled to receive deferred payments from the State to issue municipal obligations in an amount not to exceed 60% of the total actual and anticipated receipt of deferred payments in the fiscal year; and

Whereas, Pursuant to s. 79.02, Stats., the City of Milwaukee is anticipating the receipt of shared revenue payments from the State of Wisconsin in 2009 (the "Budget Year") in the amount of at least \$230,000,000; and

Whereas, The foregoing amounts represent no more than 50% of the City's General Fund operating revenues for the Budget Year; and

Whereas, Operating expenditures are incurred on a uniform basis throughout the year; and

Whereas; The City must finance the operating budget on an interim basis between now and the receipt of State shared revenue payments in July and November of the Budget Year; and

Whereas, The City is interested in borrowing to finance the operating budget on an interim basis and pledges the anticipated revenue included in the budget for the Budget Year due and not yet paid as security for repayment of such obligations; and

Whereas, Resolution File Number 080960 also authorizes the issuance of General Obligation Promissory

Notes, and it is desirable to permit the issuance of both issues of notes in one issue; now, therefore, be it

Resolved, by the Common Council of the City of Milwaukee, that in accordance with sec. 67.12(12), Stats., the Commissioners of the Public Debt are authorized and requested to issue and sell general obligation revenue anticipation notes in an amount not to exceed \$130,000,000 for the purpose of paying general and current municipal expenses in the operating budget on an interim basis pending receipt of State shared revenue payments in July and November of the Budget Year; and, be it

Notices, if any, given by the City to the registered owner of the notes will be given to the Depository Trust Company. In the event that the securities depository relationship with the Depository Trust Company for the notes is terminated and the City does not appoint a successor securities depository, the City will prepare, authenticate and deliver at its expense fully-registered certificated notes in the denominations of \$5,000 or in the integral multiple thereof in the aggregate principal amount by maturity then outstanding to the beneficial owners of the notes; provided however, that should any notes be owned by the Public Debt Amortization Fund, such note may be registered in the name of the Public Debt Amortization Fund and be in denominations of any amount; and, be it
