To keep and maintain a covered walk projecting 5 feet 6 inches into the north side of West Reichert Place, which has a rural cross section. Said covered walk commences at a point approximately 72 feet west of the westline of North Teutonia Avenue and extends 21 feet to the west. The covered walk structure is built upon two 30-inch square pier foundations. The minimal vertical clearance between and the asphalt pavement below is 7 feet 6 inches.

Said covered walk is generally constructed in accordance with the policies set forth in Common Council Resolution File Number 62-1211-a, adopted July 24, 1962. The covered walk frame shall be designed and supported to withstand snow and other loads of not less than 25 pounds per square foot applied in any direction. No guy wire brackets or diagonal braces shall be permitted lower than 8 feet above the adjacent pavement level. The coverings shall be of approved material. All fixtures and materials for illumination of the covered walks shall be indicated on the construction plans and approved prior to installation. No sign or advertising device shall be hung from, attached to, printed or painted on any part of the covered walks. The name, street number, or character of the business may be indicated only on the vertical portion of the covering and shall not exceed 8 inches in height.

Due to the fact that the West Reichert Place has a rural cross section and that parking for the funeral home is perpendicular to the edge of the street, the grantee is not required to keep a "Loading Zone" or "No Parking" status adjacent to the covered walk.

Said above-mentioned covered walk shall be used, kept and maintained to the satisfaction of the Commissioners of Public Works and Department of Neighborhood Services.

Said covered walk shall be maintained or removed from the public right-of-way, at such future time as they are no longer

needed, to the satisfaction of the Commissioners of Public Works and Department of Neighborhood Services.
