This ordinance permits restrictions on the hours of operation of Class "B" tavern outdoor premises including beer gardens and sidewalk café areas. Restrictions in hours of operation may be applied to temporary extensions located within 300 feet of a residence, and to permanent extended outdoor premises located within 300 feet of a pre-existing residence. Unless a different restriction on hours is approved by the common council considering the health, welfare, safety and good order of the surrounding neighborhood, outdoor licensed premises shall cease operations at 10:00 p.m. unless all instrumental, live, recorded or other performance, audible upon adjacent properties, has ceased, in which event, the hours of operation of an outdoor area shall cease not later than 12:00 midnight. The Mayor and Common Council of the City of Milwaukee do ordain as follows:

Part 1. Section 90-4-7.8-d and e of the code is amended to read:

The application shall be signed by the applicant, if an individual, or by a duly authorized agent or officer of a corporation, and shall be sworn to by the applicant. The application shall contain the name of the licensee, the address of the existing licensed premises (including the aldermanic district in which it is situated), the particular event or function for which the temporary extension of the licensed premises is sought, the date and period of time sought for the temporary extension of the licensed premises, a specific description of the area for which the temporary extension is sought, >>the proposed hours of operation of any outdoor extended area, <<and such other reasonable and pertinent information as the common council or proper licensing committee of the common council may require. The applicant shall have an opportunity to appear at the hearing and be represented by counsel and to cross-examine witnesses opposed to the granting of the application for temporary extension of the licensed premises and to present evidence in favor of the granting of the application. At the conclusion of the hearing, the committee shall make a recommendation to the common council on whether or not to grant the application. In making its recommendation, the committee may consider, among other factors, the appropriateness of the location for which a temporary extension of licensed premises is sought, whether such location will create an adverse impact on other property in the neighborhood, and any other factors which reasonably relate to the public health, safety and welfare. >>The committee may include a recommendation that the hours of operation proposed for any area subject to a temporary extension be shortened.<< The common council shall act on the committee's recommendation without further hearing.
