THE CHAIR

An ordinance relating to the minimum front façade width and minimum building height for residential buildings in residential zoning districts.

295-505-2-i (table) am

This ordinance reduces the minimum required front façade width for residential buildings constructed in certain residential zoning districts. The reduction ranges from 2 to 4 feet for lots between 35 and 60 feet in width. For lots wider than 60 feet, the minimum required front façade width is reduced by 10% of lot width.

This ordinance also reduces the minimum building height for 45-foot lots from 28 feet to 20 feet and for lots wider than 45 feet from 28 feet to 25 feet.

The Mayor and Common Council of the City of Milwaukee do ordain as follows:

Part 1. Table 295-505-2-i of the code is amended to read:
