This ordinance provides that an applicant for a public passenger vehicle driver's license shall be exempt from various testing requirements as follows:

1. Defensive driving and safety course - the applicant shall be exempt from the requirement to take this course if, at any time within the 2-year period prior to the date of filing the application with the city clerk, the applicant held a city-issued public passenger vehicle driver's license for motorized vehicles.
2. Passenger assistance techniques training program - this requirement is waived if, at any time within the 2-year period prior to the date of filing the application with the city clerk, the applicant held a city-issued public passenger driver's license for handicapped-elderly vehicles.
3. A test regarding knowledge of city streets, major buildings, facilities and city regulations regarding public passenger vehicles - this requirement is waived if, at any time within the 2-year period prior to the date of filing the application with the city clerk, the applicant held a city-issued public passenger vehicle driver's license for taxicabs.

This ordinance also provides that an applicant who has held a public passenger vehicle driver's license in the past 12 months shall be required to file a renewal application. If more than 12 months have elapsed since the date of license expiration, the applicant may file either a new application or a renewal application, except that any application filed after the expiration date of the license period following the license period for which the license was issued shall be considered a new license application.

In addition, this ordinance provides that the chief of police shall object to the issuance of a new license or renewal license if, within the preceding 2 years or most recent license period, respectively, the license applicant has been convicted of 3 or more moving violations arising out of separate incidents or occurrences.

Finally, this ordinance provides that, based on evidence presented at the licensing committee regarding a license applicant's driving record, the common council may direct the city clerk to withhold issuance of a license until the applicant provides the city clerk with documentation indicating the applicant has successfully retaken and completed a defensive driving and safety course.
