THE CHAIR

Resolution authorizing and directing the Commissioner of Public Works to enter into a contract with a consulting engineering firm to evaluate existing pavements and recommend improvement treatments on approximately twelve miles of City streets.

This resolution authorizes and directs the Commissioner of Public Works to enter into a contract with a consulting engineering firm to evaluate existing pavements and recommend improvement treatments on approximately twelve miles of City streets.

Whereas, In previous years, the City has engaged a consulting firm to test and provide a report evaluating existing pavement and recommending an improvement treatment on City streets scheduled for paving each year; and

Whereas, The reports have proven helpful in determining the most economical and adequate pavement treatment for the proposed street improvement; and

Whereas, Such a report would be desirable for approximately twelve miles of City streets proposed for improvements in 2004-2009; now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee, that the Commissioner of Public Works is hereby authorized to enter into a contract with a qualified consulting engineering firm to perform tests on existing pavements and to recommend the most economical, adequate street improvements for approximately twelve miles of City streets included in the 2004-2009 Paving Program at a project cost not to exceed \$22,000; and, be it

Further Resolved, That the City Comptroller is directed to transfer \$22,000 from the Paving-Reconstruction-Resurface Account No. 0333-5230-000600-ST211040131 to the appropriate sub-account, to pay for costs associated with this pavement evaluation contract.
