To erect and maintain a covered walk at the property known as 2203 North Prospect Avenue. Said covered walk, 6 feet in width, is to be centered approximately 25 feet northeast of the northline of East Kenilworth Place and shall encroach approximately 17 feet into the 18-foot wide fully concrete paved sidewalk area on the west side of North Prospect Avenue at the 2203 North Prospect Avenue premises.

The covered walk shall be supported by the building and by two vertical supports near each corner closest to the curb along each side of the covered walk. Each vertical support nearest the curb will be centered approximately 1 foot from the present curblin. There shall be an approximately 6-foot wide opening between the vertical supports which parallel the curb face. The minimum vertical clearance between the skirt of the covered walk and the sidewalk below shall be 8 feet.

Said covered walk shall generally be constructed in accordance with the policies set forth in Common Council Resolution File Number 62-1211-a, adopted July 24, 1962. The covered walk frame shall be designed and supported to withstand snow and other loads of not less than 25 pounds per square foot and wind pressure of 20 pounds per square foot applied in any direction. No guy wires, brackets or diagonal braces shall be permitted lower than 8 feet above the sidewalk level. The covering shall be of approved material.

All fixtures and materials for illumination of covered walk shall be indicated upon the construction plans and approved prior to installation. The name, street number, or character of the business may be indicated only on the vertical portion of the covering and shall not exceed 6 inches in height.

The grantee will be required to keep a "Loading Zone" or have a "No Parking" status adjacent to the covered walk as long as the covered walk occupies the public right-of-way.

Prior to installation, permits shall be obtained from the Departments of Public Works and Neighborhood Services/City Development for the covered walk structure itself and from the Department of Public Works to occupy the right-of-way during construction, as necessary.

Said covered walk shall be constructed, installed, used and maintained to the approval of the Departments of Public Works and Neighborhood Services.
