THE CHAIR

Substitute resolution granting a special privilege to Krause Properties LLC for a private sewer, bollards, and stationary timber planters in the public right-of-way and rescinding a previously existing special privilege for which the items have been removed from the public right-of-way for the premises at 9020 West Capitol Drive, in the 5th Aldermanic District.

This resolution grants a special privilege to Krause Properties LLC for a private sewer, bollards, and stationary timber planters in the public right-of-way and rescinds a previously existing special privilege for which the items have been removed from the public right-of-way for the premises at 9020 West Capitol Drive.

Whereas, Krause Funeral Home Incorporated had requested permission to construct and maintain tree guards, private light fixtures and underground electrical conduit in the public right-of-way for which permission was granted under Common Council Resolution File Number 85-85 in 1985; and

Whereas, Those items have been removed from the public right-of-way; and

Whereas, Krause Properties LLC, the current property owner, expanded its parking lot, which required construction of a private sewer to accommodate storm water drainage; and

Whereas, A site visit revealed the presence of bollards and stationary timber planters in the public right-of-way; and

Whereas, Said items may only legally encroach into the public right-of-way by granting of a special privilege resolution adopted by the Common Council; now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee that Common Council Resolution File Number 85-85 is hereby rescinded; and, be it

The sewer commences at a manhole on private property and extends south, across the public alley, then across a private parking lot, and finally, enters the public right-of-way of North 91st Street to discharge into the public storm sewer main. Said planters abut the east-west alley in the block bounded by West Capitol Drive, West Fiebrantz Avenue, North 90th Street, and North 91st Street. The north planter commences at the northline of the east-west alley and extends north 6 feet 6 inches. The south planter commences at the southline of the east-west alley and extends south 2 feet. Both planters area surrounded by 6-inch thick timbers with a total length of 10 feet 6 inches.

Said bollards are centered approximately 9 feet south of the northline of West Capitol Drive and are located within the tree box outs located between North 90th Street and North 91st Street. Said bollards are 2 feet 3 inches tall.

Said items shall be used, kept and maintained to the satisfaction of the Commissioners of Public Works and Department of Neighborhood Services.

The insurance policy shall provide that it shall not be cancelled until after at least thirty days' notice in writing to the Commissioner of Public Works.

3. Pay to the City Treasurer an annual fee, which has an initial amount of \$50.46. The subsequent annual fee is subject to change pursuant to the annual fee schedule in effect at the time of annual billing.

4. Whenever this special privilege is discontinued for any reason whatsoever, including public necessity whenever so ordered by resolution adopted by the Common Council not only remove all construction work executed pursuant to this special privilege, but shall also restore to its former condition and to the approval of the Commissioner of Public Works and curb, pavement or other public improvement which was removed, changed or disturbed by reason of the granting of this special privilege.
