THE CHAIR

Resolution authorizing the Chief Information Officer to share fiber and provide network connectivity at the expense of and for the use and benefit of Wisconsin Lutheran High School.

This resolution authorizes the Chief Information Officer to share fiber and provide network connectivity at the expense of and for the use and benefit of Wisconsin Lutheran High School. This will provide Wisconsin Lutheran High School connectivity to the WiscNet/BOREAS-Net Abilene/Internet2 education community node located at the Department of Administration-ITMD Network Operations Center (ITMD-NOC).

Whereas, The City of Milwaukee wishes to promote higher education and enhance educational resources in the community; and

Whereas, Wisconsin Lutheran High School is a Wisconsin Evangelical Lutheran Synod Lutheran high school which strives to provide the highest standard of education, offering a comprehensive curriculum to help each student achieve his or her potential to prepare for the future; and

Whereas, Wisconsin Lutheran High School has requested the assistance of the City of Milwaukee in obtaining high-speed network connectivity to the Internet through WiscNet at its expense; and

Whereas, WiscNet is a not-for-profit association established to further education, research, economic development and public service in the State of Wisconsin by creating and operating a digital communications network interconnecting public and private organizations including the provision of Internet services; and

Whereas, Common Council Resolution File Number 051269, adopted on February 7, 2006, authorized the Commissioner of Public Works to execute an agreement between the City of Milwaukee and the WiscNet Association to establish collocation facilities within the City of Milwaukee and that made it feasible for UW-Milwaukee to become a node on BOREAS-Net; and

Whereas, This collocation facility enables Milwaukee area educational and cultural institutions to gain access to WiscNet and the next generation internets including: BoreasNet, Abilene/Internet2 and other national and international networks, and it further enables connectivity between higher education and cultural institutions within the City of Milwaukee; and

Whereas, The City of Milwaukee owns dark fiber and can provide network services in certain routes that would be beneficial to the extension and enhancement of Wisconsin Lutheran High School to further its mission even though the City cannot provide any customer service or connectivity guarantee for the use of that dark fiber; now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee, that the Chief Information Officer is authorized and directed to share dark fiber and to provide network connectivity at no cost to the City of Milwaukee in certain routes where capacity is available to enable Wisconsin Lutheran High School to connect to provide access to and entry to the Department of Administration-ITMD Network Operations Center (ITMD-NOC) and, be it

Further Resolved, By the Common Council of the City of Milwaukee, that this Resolution is approved only on the condition that Wisconsin Lutheran High School shall:

1. Have no expectation or demands for customer service or connectivity guarantees from the City for Wisconsin Lutheran High School's use of the dark fiber; and
2. Waive any and all claims against the City and its employees related to Wisconsin Lutheran High School's use of the City's dark fiber, including, but not limited to any damages suffered by Wisconsin Lutheran High School or others related to failure of the dark fiber or lack of connectivity regardless of the cause.
