This ordinance defines an “adult establishment” as a tavern, restaurant, assembly hall or similar commercial establishment that regularly offers live semi-nude conduct. No establishment shall avoid classification as an adult establishment by offering nude conduct.

This ordinance further classifies an adult establishment as a prohibited use in all zoning districts except the industrial-light (IL) district, where an adult establishment is a limited use. The limited use standards shall be as follows:

1. It shall be unlawful to establish, operate, or cause to be operated an adult establishment in the city within 400 feet of another adult establishment.
2. It shall be unlawful to establish, operate, or cause to be operated an adult establishment unless the establishment meets both of the following standards:
  - a. The adult establishment is at least 400 feet from any residential zoning district.
  - b. The adult establishment is at least 400 feet from any parcel of land on which a dwelling, religious assembly, licensed child day care center, or elementary or secondary school is located.
3. The zoning or use of land in adjacent jurisdictions shall not disqualify any location within the city from being available to an adult establishment.
4. An adult establishment in a location that satisfies these standards shall not be deemed noncompliant with these standards by virtue of the subsequent establishment or expansion of a protected land use or residential district.

Whereas, Adult establishments require special supervision from the public safety agencies of the city of Milwaukee in order to protect and preserve the health, safety, and welfare of the patrons of such businesses as well as the citizens of Milwaukee; and

Whereas, The common council finds that adult establishments, as a category of establishments, are frequently used for unlawful sexual activities, including prostitution and sexual liaisons of a casual nature; and

Whereas, There is convincing documented evidence that adult establishments, as a category of establishments, have deleterious secondary effects and are often associated with crime and adverse effects on surrounding properties; and

Whereas, The common council desires to minimize and control these adverse effects and thereby;

1. Protect the health, safety, and welfare of residents.
2. Protect residents from crime.
3. Preserve the quality of life and character of surrounding neighborhoods.
4. Deter the spread of urban blight.

; and

Whereas, The city intends to regulate adult establishments through narrowly-tailored regulations designed to serve the substantial government interest in preventing the negative secondary effects of adult establishments; and

Whereas, The city's regulations shall be narrowly construed to accomplish this end; and

Whereas, The city recognizes its constitutional duty to interpret and construe its laws to comply with constitutional requirements as they are announced; and

Whereas, With the passage of any ordinance, the city and the common council accept as binding the applicability of general principles of criminal and civil law and procedure and the rights and obligations under the U.S. and Wisconsin Constitutions, Wisconsin Statutes, and the Wisconsin rules of civil and criminal procedure; and

Whereas, It is not the intent of this ordinance to suppress any speech activities protected by the U.S. Constitution or the Wisconsin Constitution, but to enact legislation to further the content-neutral governmental interests of the city, to wit, the controlling of secondary effects of adult establishments; and

Whereas, Based on findings, interpretations and narrow constructions incorporated in the following cases:

the common council finds:

1. Adult establishments, as a category of commercial uses, are associated with a wide variety of adverse secondary effects, including, but not limited to, personal and property crimes, human trafficking, prostitution, potential spread of disease, lewdness, public indecency, obscenity, illicit drug use and drug trafficking, negative impacts on surrounding properties, urban blight, litter, and sexual assault and exploitation. Alcohol consumption impairs judgment and lowers inhibitions, thereby increasing the risk of adverse secondary effects.
2. Adult establishments should be separated from sensitive land uses to minimize the impact of their secondary effects upon such uses, and should be separated from other adult establishments, to minimize the secondary effects associated with such uses and to prevent an unnecessary concentration of adult establishments in one area.
3. Each of the foregoing negative secondary effects constitutes a harm which the city has a substantial government interest in preventing or abating. This substantial government interest in preventing secondary effects, which is the city's rationale for this section, exists independent of any comparative analysis between sexually-oriented and non-sexually-oriented businesses. Additionally, the city's interest in regulating adult establishments extends to preventing future negative secondary effects of either current or future adult establishments that may locate in the city. The common council finds that the cases and documentation relied on in this ordinance are reasonably believed to be relevant to the secondary effects.

; now, therefore

The Mayor and Common Council of the City of Milwaukee do ordain as follows:

Part 4. Section 295-425 of the code is created to read:

### **295-425. Adult Establishments.**

**1. PURPOSE.** It is a purpose of this section to regulate adult establishments to promote the health, safety, and general welfare of the residents of the city, and to establish reasonable and uniform regulations to prevent the deleterious secondary effects of adult establishments within the city. The provisions of this section have neither the purpose nor effect of imposing a limitation or restriction on the content of, or reasonable access to, any communicative materials, including sexually-oriented materials. Similarly, it is neither the intent nor effect of this section to restrict or deny access by adults to sexually-oriented materials protected by the First Amendment to the U.S. Constitution, or to deny access by the distributors and exhibitors of sexually-oriented entertainment to their intended market. Neither is it the intent nor effect of this section to condone or legitimize the distribution of obscene material.

**2. FINDINGS AND RATIONALE.** Based on evidence of the adverse secondary effects of adult uses presented in hearings and in reports made available to the common council, on findings, interpretations, and narrowing constructions incorporated in the cases cited in the preamble to common council file number 150789, and upon reports concerning secondary effects occurring in and around adult establishments, including, but not limited to the reports cited in the preamble to common council file number 150789, the common council finds:

a. Adult establishments, as a category of commercial uses, are associated with a wide variety of adverse secondary effects, including, but not limited to, personal and property crimes, human trafficking, prostitution, potential spread of disease, lewdness, public indecency, obscenity, illicit drug use and drug trafficking, negative impacts on surrounding properties, urban blight, litter, and sexual assault and exploitation. Alcohol consumption impairs judgment and lowers inhibitions, thereby increasing the risk of adverse secondary effects.

b. Adult establishments should be separated from sensitive land uses to minimize the impact of their secondary effects upon such uses, and should be separated from other adult establishments, to minimize the secondary effects associated with such uses and to prevent an unnecessary concentration of adult establishments in one area.

c. Each of the negative secondary effects identified in par. a. constitutes a harm which the city has a substantial government interest in preventing or abating. This substantial government interest in preventing secondary effects, which is the city's rationale for this section, exists independent of any comparative analysis between sexually-oriented and non-sexually-oriented businesses. Additionally,

the city's interest in regulating adult establishments extends to preventing future secondary effects of either current or future adult establishments that may locate in the city. The common council finds that the cases and documentation relied on in this section are reasonably believed to be relevant to said secondary effects.

**3. ADOPTION AND INCORPORATION.** The city adopts and incorporates herein its stated findings and legislative record related to the adverse secondary effects of adult establishments, including the judicial opinions and reports related to such secondary effects.

**4. LIMITED USE STANDARDS.** Whenever an adult establishment is a limited use, the adult establishment shall satisfy the following standards:

a. It shall be unlawful to establish, operate, or cause to be operated an adult establishment in the city within 400 feet of another adult establishment. Measurement for this subsection shall be made in a straight line without regard to intervening structures or objects, between the closest parts of the structures occupied by the two adult establishments. Where an adult establishment is within a multi-tenant development, the measurement shall be to or from the closest part of the tenant space occupied by the adult establishment.

b. It shall be unlawful to establish, operate, or cause to be operated an adult establishment in the city, unless the adult establishment meets both of the following standards:

b-1. The adult establishment is at least 400 feet from any residential zoning district.

b-2. The adult establishment is at least 400 feet from any parcel of land on which a dwelling, religious assembly, licensed child day care center, or elementary or secondary school is located.

c. For the purpose of par. b, measurement shall be made in a straight line from the closest part of any structure occupied by the adult establishment to the closest property line of the zoned property and uses identified in subds. b-1 and 2. Where a use identified in subd. b-2 is located in a multi-tenant development, the distance shall be measured to the closest part of the tenant space occupied by that use rather than the property line of the entire development, so as to maximize the number of locations available to adult establishments.

d. The zoning or use of land in adjacent jurisdictions shall not disqualify any location within the city from being available to an adult establishment.

e. Notwithstanding any provision in this section to the contrary, an adult establishment in a location that satisfies the standards of this subsection shall not be deemed noncompliant with this subsection by virtue of the subsequent establishment or expansion of a land use or residential district specified in this subsection.
