79-9 rc
80-67-9 am

This ordinance revises the licensing procedures and regulations for private waste collectors. Specifically, the code currently provides that private waste collector licenses are issued by the city clerk. This ordinance provides that private waste collector licenses shall be issued by the city clerk upon being granted by the common council. The ordinance also gives the common council the authority to not renew, suspend or revoke private waste collector licenses.

Including the revisions made by this ordinance, the regulations applicable to a licensed private waste collector shall be as follows:

- Each vehicle used to transport waste shall be so operated and of such construction that the contents do not blow, fall, scatter, leak or spill upon streets or alleys, or otherwise create a nuisance.
- The licensed private waste collector shall submit a plan for ongoing and scheduled removal of graffiti on waste containers.
- Graffiti on a private waste container shall be removed within 3 working days following notification by the department of neighborhood services or within 3 working days of the last time the container

was emptied.

d. Each private waste container shall be clearly marked or have signage noting the name and phone number of the company responsible for maintenance of the waste container.

e. Waste collection shall occur only between the hours of 7:00 a.m. and 10:00 p.m. whenever the collection activity takes place on or in connection with any premises that is within 1,000 feet of a residential premises. Regardless of time of day, excessive noise created by the lifting or moving of a waste container, such as banging, dropping or dragging the container, shall be prohibited.

f. At no time shall waste, litter or debris be permitted to remain in the vicinity of a waste container owned by the licensee.

g. At no time shall the contents of a waste container owned by the licensee overflow the container, such that the container's lid or lids are not fully closed.

Failure to comply with any of these regulations shall be grounds for non-renewal, suspension or revocation of a private waste collector license.

The Mayor and Common Council of the City of Milwaukee do ordain as follows:
