Resolution approving the expenditure of \$10,000 from the Health Department's Professional Services account to partner with Take Back My Meds Milwaukee for a media campaign to promote safe disposal of opioid prescription medicines.

This resolution approves the allocation of \$10,000 from the Health Department's Professional Services operating expenditure account as contemplated in 2018 Budget Amendment 1G (Omnibus), which provided a \$50,000 increase in that account for an opiate, heroin, and cocaine addiction education campaign. The \$10,000 allocation will be used to partner with Take Back My Meds Milwaukee for a media campaign to promote safe disposal of opioid prescription medicines. Take Back My Meds Milwaukee is a coalition of community groups that provides dropboxes at pharmacies and other locations for the safe disposal of unused and unneeded medicines to reduce the misuse and incorrect disposal of such medicines in landfills or sewer systems.
