This ordinance increases the amount charged for Basic Life Support (BLS) and BLS-Emergency ambulance conveyances for patients who are residents of the city and for non-residents. The increases are as follows:

1. For residents, a 4% increase from \$681 to \$780.24.
2. For non-residents, a 4% increase from \$788 to \$819.52.

In addition, this ordinance decreases the amount charged for mileage. Mileage is defined as the distance traveled with the patient in the ambulance from point of origin to destination. The rate, for both residents and non-residents is currently \$19.27 per mile, and is decreased to \$19.26 per mile.

This is based on a 3-year rolling average from 2016-2018.

Finally, this ordinance amends BLS ancillary charges to encompass 6 bundled categories based on an average cost of supplies typically used in the procedures.
