Whereas, The City implemented benefit design changes for retirees in 2020 but the City continues to subsidize a higher portion of the health plan premium costs for retirees under the age of 65

compared to active employees; and

Whereas, The DER is recommending health plan benefit design changes in 2021 for City employees and retirees as specified in the letter attached to the file; and

Whereas, It is the best interest of the City of Milwaukee to work to contain costs for health plan benefits; now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee that the health plan benefit design changes recommended in this file are approved for implementation beginning January 1, 2021.
