THE CHAIR

Resolution relating to acceptance and funding of a Green Solutions grant from the Milwaukee Metropolitan Sewerage District for the installation of bioswales in the median areas of West Good Hope Road between North 107th Street and North 124th Street, in the 5th Aldermanic District.

This resolution authorizes the Department of Public Works, Infrastructure Services Division, to accept a Milwaukee Metropolitan Sewerage District Green Solutions grant funding for the construction of bioswales with a maximum reimbursement amount of \$240,000. The bioswales will be constructed in the median West Good Hope Road between North 107th Street and North 124th Street. The resolution also authorizes the Commissioner of Public Works to execute a Green Solutions Funding Agreement with the Milwaukee Metropolitan Sewerage District to install said bioswales.

Whereas, The Milwaukee Metropolitan Sewerage District (MMSD) is responsible for collecting and treating wastewater from local sewerage systems; and

Whereas, Green infrastructure reduces the volume of stormwater in the sewer system and the amount of pollutants discharged to surface waters; and

Whereas, The City proposes bioswales in the medians of West Good Hope Road between North 107th Street and North 124th Street; and

Whereas, The bioswales project provides water quality benefit in compliance with the City's stormwater discharge permit

with the Department of Natural Resources (DNR);

Whereas, MMSD desires to promote the installation of green infrastructure practices such as bioswales and is willing to provide the City funding as part of its Green Solutions Program; now, therefore, be it

Resolved, That the Commissioner of Public Works is authorized to accept MMSD Green Solutions Funding in accordance with Milwaukee Code of Ordinances 304-81, and to execute the grant agreement in the form submitted to this file, or in material conformance therewith; and, be it

Further Resolved, That upon approval of this Agreement, the City Comptroller is authorized to create within the Capital Grant and Aid Projects Fund the appropriate Project/Grant Chartfield Value for this project, and transfer to these accounts the amount required under the agreement and City accounting policy, but not to exceed a ten percent increase of the total amounts reserved for the grantor's share and local share or \$5,000, whichever is greater, as follows:

Project/Grant	Parent Grantor Share
Project/Grant	SM320220000
Fund	0491
Organization	2110
Program	0001
Amount	\$240,000

; and, be it

Further Resolved, That these funds are appropriated to the Department of Public Works, which is authorized to expend from the amount budgeted for specific purposes as indicated in the grant budgets and incur costs consistent with the award date; and, be it

Further Resolved, That the Commissioner of Public Works shall have the authority to authorize transfers within the project budget so long as the amount expended for any purpose shall not exceed the amount authorized by the budget by 10% and such transfers are in accordance with grantor regulations; and, be it

Further Resolved, That the Commissioner of Public Works, on behalf of the City of Milwaukee, is authorized to enter into subcontracts (and leases) as detailed in the project budget and in accordance with City purchasing procedures and grant and aid guidelines for awarding such contracts.
