In 1991, the Common Council passed an ordinance (File Number 872263) establishing the Residents Preference Program (RPP) to increase employment opportunities for unemployed or underemployed individuals living in portions of the city eligible for Community Development Block Grant (CDBG) funding.

In 2009, the Council passed an ordinance (File Number 080218) expanding the RPP to include individuals residing anywhere within the city and to include private development projects receiving at least \$1 million in direct financial assistance from the City. This ordinance also created the Local Business Enterprise (LBE) contracting program.

In 2011, the Council passed an ordinance (File Number 110086) establishing the Small Business Enterprise (SBE) program.

Current code stipulates that:

1. A resident may qualify as unemployed or underemployed if he or she has not worked in the preceding 30 days, and may remain qualified as unemployed or underemployed for 5 years.
2. To be designated as a local business enterprise, a business must own or lease real property within the geographical boundaries of the city of Milwaukee.
3. A responsive and responsible bidder which is a local business enterprise shall receive a 5% award standard in any formal competitive bid.
4. "At a disadvantage with respect to business location" means located within an enterprise zone within the city for a period of not less than one year.
5. The Residents Preference Program is a city-wide program.

This ordinance makes the following changes to the Residents Preference, Small Business Enterprise and Local Business Enterprise Programs:

1. The definition of "unemployed or underemployed" is amended by removing the 5-year qualification period and by shortening the amount of time a person has not worked from 30 days to 15 days.
2. The definition of "local business enterprise" is expanded to include businesses which operate in the city of Milwaukee.
3. A new incentive is created to allow a local business enterprise also meeting small business enterprise certification requirements to receive an award standard of 10% instead of 5%.
4. The definition of "at a disadvantage with respect to business location" is changed to reflect that a portion of the city has received the designation of "renewal community".
5. The Residents Preference Program remains a city-wide program, but at least one-quarter of the unemployed or underemployed resident hours required under the program must be attributable to residents who maintain their permanent residence in the most impoverished zip codes of the city.

This ordinance also:

1. Requires a certain percentage of apprenticeship and on-the-job training hours to be

attributable to unemployed or underemployed residents, and a certain percentage of these hours to be performed by persons residing in impoverished areas of the city.

2. Requires RPP reports to include information relating to worker hours by zip code, race, gender, trade and hourly wage.
3. Establishes credits for contractors or developers exceeding the apprenticeship or zip code residency requirements established by this ordinance.
4. Allows contractors or developers unable to meet the requirements of the RPP program to hire unemployed or underemployed residents to work on concurrent projects in any Wisconsin county to meet the requirements.
5. Creates a Residents Preference Program Review Commission to review Residents Preference Program compliance, performance and other program matters.

Finally, this ordinance makes various code revisions relating to errors and inconsistencies.

The effective date of this ordinance is January 1, 2017, except for parts 38 and 40, which shall be effective upon passage and publication of this ordinance.

The Mayor and Common Council of the City of Milwaukee do ordain as follows:
