The Chair

Resolution approving a small wireless facility master license agreement with Cellco Partnership d/b/a Verizon Wireless.

This resolution approves the Small Wireless Facility Master License Agreement with Verizon Wireless and authorizes the proper City officials to enter into this, or substantially similar, agreement on behalf of the City of Milwaukee.

Whereas, Small wireless facilities are mounted on street lights, traffic control poles, and other similar poles to improve wireless and cellular coverage in low coverage areas where buildings or other obstacles may get in the way of signals; and

Whereas, The City previously entered into a “Small Cell” Master License Agreement with Verizon Wireless dated March 16, 2016, which has expired; and

Whereas, The City of Milwaukee regulates the installation and operation of small wireless facilities in the public right-of-way subject to state statutes and federal law, including the regulations and orders of the Federal Communications Commission; and

Whereas, 2019 Wis. Act 14 (Wis. Stat. sec. 66.0414) and FCC Order 18-133 (issued September 27, 2018) set forth certain limitations on the amounts that the City may charge wireless providers to collocate small wireless facilities on City street lights, traffic control poles, and other similar poles; and

Whereas, The Department of Public Works has been working with the City Attorney’s Office to negotiate a master license agreement with Cellco Partnership d/b/a Verizon Wireless for the placement of small wireless facilities on City street lights, traffic control poles, and other similar poles; and

Whereas, This master license agreement includes the following:

1. An initial term of 10 years with 3 additional 5-year renewals (25 years total).
2. Small wireless facilities will be placed on City light poles, traffic control poles, and other similar poles.
3. Verizon Wireless will pay the City an annual rate for each pole it uses. Rental payments will initially be \$250 annually for 2022 and prorated monthly for the initial year. Effective July 12, 2024 and every fifth anniversary thereafter, the Annual Rate shall increase by ten percent (10%) rounded to the nearest multiple of

\$5.00.

4. Verizon Wireless will supply and be responsible for the cost of installation of each new pole.
5. Verizon Wireless will reimburse the Department of Public Works for staff time to plan and install City infrastructure.
6. Verizon Wireless will submit an application to occupy a pole, on a form to be supplied by DPW, including but not limited to plans and specifications showing the design of the pole and equipment; and all other information and certifications required by DPW consistent with federal, state, or local law.
7. The Commissioner of Public Works will review and approve or disapprove the design, in accordance with state law, and will issue a permit and execute a supplemental license for each installation.
8. Verizon Wireless will install equipment of the type and frequency which will not impair the operation of the poles or cause unreasonable interference.

; now, therefore, be it

Resolved, That the Common Council approves a Small Cell Master License Agreement with Verizon Wireless, to be substantially similar to the agreement attached to this file; and, be it

Further Resolved, That the proper City officials are authorized to execute the Small Cell Master License Agreement with Verizon Wireless, to be substantially similar to the agreement attached to this file; and be it

Further Resolved, That the Commissioner of Public Works, or his designee, is authorized to execute a supplemental license for each installation as provided for in the master license agreement.
