A substitute ordinance relating to paid parental leave for city employees.

350-39.3 cr

Under this ordinance, a benefits-eligible employee of the city is entitled to paid parental leave, which will be administered and implemented by the department of employee relations. An eligible employee is entitled up to 6 weeks of paid parental leave for any of the following qualifying events once every calendar year:

1. Birth of a child.
2. Miscarriage or stillbirth after 20 weeks of pregnancy.
3. Placement of a child under the age of 5 through adoption, fostering, guardianship or acting in the place of a parent.

To be eligible, any qualifying event must occur either on or after April 4, 2022. In addition, paid parental leave will run concurrently with any state or federal family leave to which the employee may be eligible. Eligible employee must have worked a minimum of 1,000 hours, excluding leave of absence, in the 12 months prior to the qualifying event. A part-time employee with a qualifying event is also eligible for paid parental leave prorated based on the employee's regular schedule. In addition, if paid parental leave coincides with a paid holiday, the employee shall be given holiday pay in lieu of paid parental leave. The ordinance also provides that any employee with a qualifying event who does not qualify for protection under the Family and Medical Leave Act of 1993 shall be provided the same job protections enumerated by the act.

In addition, a birthing parent who experiences incapacity related to pregnancy or a serious health condition following the birth of a child is entitled to up to 4 weeks of paid leave. The ordinance also specifies that a birthing parent who experiences a miscarriage or stillbirth prior to 20 weeks may be entitled to up to 2 weeks of paid leave. Finally, the ordinance requires the department of employee relations to submit an annual report to the common council detailing the department's activities related to the paid parental leave program and findings from the previous year.
