Resolution to inform the Common Council of the City's Compliance Maintenance Annual Report for the year 2009. This resolution is a requirement per Wisconsin Department of Natural Resources (WDNR) General Sanitary Permit Number WI-0047341-04-0. The City of Milwaukee is required to adopt a resolution to have its Common Council review and provide comments on the City's Compliance Maintenance Annual Report (CMAR) on an annual basis. Whereas, On February 28, 2006 the Wisconsin Department of Natural Resources (WDNR) issued to the City of Milwaukee a revised General Permit to Discharge Under the Wisconsin Pollutant Elimination System, Permit number WI-0047341-04-0; and

Whereas, Section 2.7 of said permit requires the City of Milwaukee to adopt a resolution to have its Common Council review and provide responses as required on the City's Compliance Maintenance Annual Report (CMAR); and

Whereas, All collection systems in the State of Wisconsin are required by their respective General Sanitary Permits to submit their own CMAR electronically (eCMAR) via the World Wide Web; and

Whereas, Said resolution shall be submitted to WDNR as part of CMAR; and

Whereas, The Department of Public Works has completed the eCMAR, a copy of which is attached to this Common Council File Number 100141 and incorporated in this resolution by reference as though set forth in full; and

Whereas, The CMAR report contains two major sections titled: Financial and Collection System and each section is electronically graded based upon data entered; and

Whereas, According to the methodology the WDNR is using to grade the CMAR sections, the City of Milwaukee scored an "A" in the Financial section and "F" in the Collection System section; and

Whereas, The "F" grade was generated based on eight reported Sanitary Sewer Overflows (SSO) in 2009 with seven (7) SSOs caused by Infiltration and Inflow (I/I), and one (1) SSO caused by contractor error; and

Whereas, The aforementioned seven sewer SSOs caused by Infiltration and Inflow (I/I) were related to one rain event between June 19, 2009 and June 20, 2009; and

Whereas, The eight SSO occurrences represent 0.01 occurrence per sewer mile per year; and

Whereas, The WDNR grading system does not take into account any corrective measures the City has undertaken to improve the sanitary sewer system as shown in the attached CMAR; now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee, that the Common Council of the City of Milwaukee is in receipt of said Report and shall provide any responses as required; and, be it

Further Resolved, after this Common Council File Number 100141 has been adopted by the Common Council of the City of Milwaukee, that a certified copy be attached to the 2009 Compliance Maintenance Annual Report (CMAR) and submitted to the Wisconsin Department of Natural Resources.
